1. PRE-EMERGENCE CONTROL of:

Smooth Crabgrass
Hairy Crabgrass
Annual Bluegrass (*Poa annua*)
Goosegrass (Silver Crabgrass)

Barnyard Grass
Yellow Foxtail
Green Foxtail

POA ANNUA CONTROL:

For best results apply late summer or early fall. An early spring application may be desirable.

2. NATURE'S RATIO® LAWNFOOD:

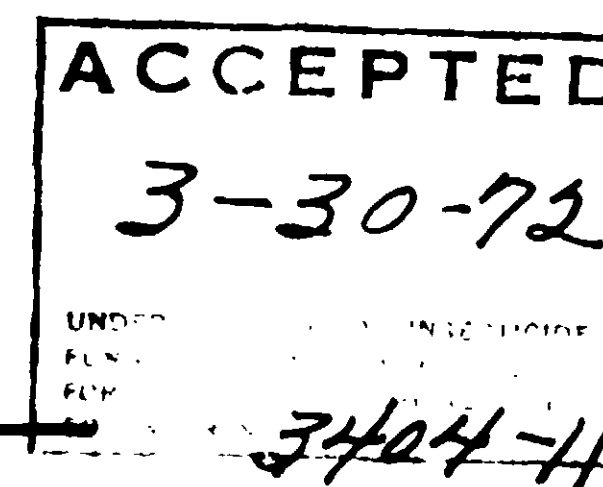

A scientific balance of the major plant foods, formulated in the ratio used by grass plants — as recommended by leading turf authorities.

Do not use on Dichondra. For use on bluegrass, ryegrass, fescue, Zoysia grass and Bermudagrass.

APPLICATION RECOMMENDATIONS

1. Apply in early spring before growth of weed seeds and after debris has been removed from lawn.
2. Apply when grass is dry.
3. Water thoroughly after application.
4. 20 lbs. covers 2,500 sq. ft.

SPREADER	SETTING
Golf® Brand Lawnspreader	No. 7
Greenfield	No. 9
Scott's	No. 8
Cyclone	No. 4½

LIMITATIONS

- Apply in spring before temperatures reach 70-75° for 3 consecutive days.
- Do not reseed for at least 6 weeks after application.
- Do not apply the spring following a fall seeding.
- Do not apply to bentgrass putting greens.
- Apply accurately and uniformly.
- Regular fertilizing with Golf Brand Lawnfood thickens turf, crowds out weeds.
- Renew thin turf by interseeding with Golf Brand Lawn Seed after the six week precautionary period has ended.

CAUTION

Keep out of the reach of children. Keep children and pets off treated lawn until after thorough watering and grass has dried. Avoid breathing dust. Harmful if swallowed. Avoid contact with skin, eyes, or clothing. After using wash hands with soap and water. Do not contaminate feed or food stuffs.

This product is toxic to fish. Keep out of lakes, streams, and ponds. Do not reuse container; destroy when empty. Apply product only as specified on label.
