WEEDS AND FEEDS
IRON ADDED
TO PREVENT YELLOWING**

23-3-5

CAUTION: Keep Out of Reach of Children. Read Complete Precautions on Back Panel.

NET WEIGHT 22 LBS. COVERS 5 000 SQ. FT.

IMPORTANT Before applying spray down lightly with water so that grass blades are damp. Allow Triple Tonic to remain on the plants for 24 hours, then water the treated area thoroughly.

GOLF[®]

Brand

TRIPLE TONIC FORMULA TWO

23-3-5

1. POST-EMERGENCE BROADLEAVED WEED CONTROL

Kills most broadleaved weeds including dandelion, plantain, buckhorn and similar non-grass weeds.

2. NATURE'S RATIO[®] LAWNFOOD

A scientific balance of the major plant foods formulated in the ratio used by turf grasses as recommended by leading turf authorities.

3. IRON ADDED

Promotes vigorous growth, darker green color and prevents lawn yellowing (iron chlorosis).

APPLICATION RECOMMENDATIONS

Apply in the spring before dandelions bloom and again in late summer or early fall for best results. Apply when grass blades are damp and allow the material to remain on the plants for 24 hours then water the treated area thoroughly. New lawns can be treated after the second mowing. Do not apply to shrubs and ornamentals. 22 lbs covers 5,000 sq ft.
