DIRECTIONS FOR USE

Spray Infested Surfaces Only Until Wet

ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, CRICKETS: Spray heavily in all cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks and stoves. Use on other localized areas infested with these pests. Repeat treatment as required.

CARPET BEETLES: Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shelvings. Repeat as necessary.

BROWN DOG TICKS: Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as re-infestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animal with this formulation.

FLIES, MOSQUITOS, WASPS AND FLYING MOTHS OUT-DOORS: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

FLEAS, CHIGGERS, ANTS AND BROWN DOG TICKS OUT-DOORS: For treatment of localized infestations of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as re-infestations occur.

This product is toxic to fish, birds, and other wildlife. Birds feeding on treated areas may be killed. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.
