Subject: **Algae-RX**
EPA Registration Number 3432-7
Email Dated April 16, 2004
EPA Receive April 23, 2004

Dear Ms. McCombie:

The following amendment, submitted in connection with registration under section of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the following comment.

Proposed Amendment:

- Label change

General Comment:

Please note when submitting the next label amendment for this product "Algae-RX," you must incorporate the current outline in the Agency letter dated 11/19/03.

A stamped copy of the labeling accepted with conditions is enclosed. Submit one (1) copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

| Have the product container or label with you when calling a poison control center or doctor, or going for treatment. | |
| NOTE TO PHYSICIAN | |
| Probable mucosal damage may contraindicate the use of gastric lavage. | |

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

When first filling pool or when no algae are visible use this product at a rate of 32 fluid oz. to each 12,500 gallons of pool water. If algae growth is visible apply 32 fluid oz. to each 5,000 gallons. Vacuum pool after 24 hours to remove dead algae. If algae is still visible repeat dose as necessary until pool is free of visible algae. Thereafter follow up with maintenance dose of 32 fluid oz. per 12,500 gallons pool water every 5 to 7 days or as needed. Add this product to pool water in front of the pool return while filter is on, for best results allow filter to run for at least 24 hours after adding this product. This product is effective over all normal pool balance values. Bathers should not be in the pool when this product is added and should not re-enter for at least 15 minutes. The above directions should be followed even when the pool is not in use. Do not use water containing residue from this product to irrigate crops used for food or feed.

[For winterization application, add 1 quart of this product per 12,500 gallons pool water to treat water left in pool. This dose helps provide a measure of control of algae growth during the winter months. This treatment will also help the servicing of the pool before it is returned to use the following season.]

Do not mix this product with other pool chemicals, especially chlorine. Do not re-use container.

[Bracketed Language Denotes Optional Text]

STORAGE AND DISPOSAL: Store in original containers and place in locked storage area. Keep from freezing. Small spills may be mopped up or flushed away with water or absorbed on some material and incinerated. **PESTICIDE DISPOSAL:** Securely wrap original container in several layers of newspaper and discard in trash. **CONTAINER DISPOSAL:** Do not reuse container. Rinse thoroughly before discarding in trash.

To Calculate Gallonage For Round Or Oval Pools: Diameter of pool x diameter of pool x average depth (all in feet) x 5.9 = gallons.

To Calculate Gallonage For Rectangular Pools: average depth x length x width (all in feet) x 7.5 = gallons.
