

JUL 24 1972

345-11
C. J. ...

DANGER: Keep out of reach of children. Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes call a physician. Remove and wash contaminated clothing before reuse.

ANTIDOTE: If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

CORROSIVE!

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

TO CALCULATE CAPACITY OF POOLS FOR RECTANGULAR POOLS

Average depth x length x width (all in feet) x 7.5 = gallons.

FOR ROUND POOLS

Diameter of pool x diameter of pool x average depth (all in feet) x 5.9 = gallons.

FOR PREVENTING AND TREATING ALGAE IN SWIMMING POOLS

**ALGAE-K
CONCENTRATE**

CERTIFIED CONTENTS 1 QT E.P.A. No. 3432-11

Active Ing.:	n alkyl (50% C14, 40% C12 10% C16) dimethyl benzyl ammonium chloride	50%
Inert Ing.:	water ethanol	40% 10%

WARNING: KEEP OUT OF REACH OF CHILDREN
See Side Panel for Additional Warnings.

THIS PRODUCT IS MEANT TO PREVENT THE GROWTH OF ALGAE IN SWIMMING POOLS
DIRECTIONS

When first being poured into pool, use a reasonable amount of water to dilute. Concentrate at rate of 1.5 oz. per 100 gallons of water. For water containing less than 100 gallons, use 1.5 oz. per 100 gallons.

For the treatment of existing algae, use 1.5 oz. per 100 gallons of water. For severe cases, use 3.0 oz. per 100 gallons. Move the water around with a pump or second dose. For pools containing less than 100 gallons, use 1.5 oz. per 100 gallons.

Thereafter, follow up with 0.5 oz. per 100 gallons of water. For water containing less than 100 gallons, use 0.5 oz. per 100 gallons.

Add to the water and use immediately with water. Do not mix with other pool chemicals. Do not reuse concentrate. Test water when empty.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water.
