PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER CORROSIVE: Causes irreversible eye damage and skin burns. Do not get in eyes, or on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. May be fatal if swallowed. Avoid contamination of food. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID	
IF IN EYES	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
IF SWALLOWED	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
IF INHALED	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage.	

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

When first filling pool or when no algae are visible use this product at a rate of 5.2 fluid oz. to each 10,000 gallons of pool water. If algae growth is visible apply the initial dose. Vacuum pool after 24 hours to remove dead algae. If algae growth is still visible repeat dose as necessary until pool is free of visible algae.

Therefore follow up with maintenance dose of 1.3 fluid oz per 10,000 gallons of pool water every 3-5 days or as needed to maintain 2 ppm active. Test kits are available for this use. For booster application add 1.3 fluid oz. per 10,000 gallons after a heavy or prolonged rainfall or when there is a heavy bathing load. The above directions should be followed even when the pool is not in use. If algae growth is noticeable, apply the initial dose.

This product is compatible with many swimming pool chemicals and when used as directed it is not harmful to the metal paint, plastic or tile surfaces of the swimming pool. When used as directed, will help improve the appearance and cleanliness of the swimming pool water. THIS PRODUCT helps inhibit the growth of unsightly algae. When properly stored for prolonged periods of time, will not lose its effectiveness or strength and requires no special equipment for treating swimming pool water. The correct use-dilution may be added directly to the pool in any spot, or added to the water circulation equipment.

STORAGE: Store in original containers and place in locked storage area. Keep from freezing. Small spills may be mopped up or flushed away with water or absorbed on some absorbent material and incinerated.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse container. Rinse thoroughly before discarding in trash.

FOR OVAL POOLS: Multiply diameter x diameter x average depth (all in feet) x 5.9 = gallons.

FOR RECTANGULAR POOLS: Multiply length x width x average depth (all in feet) x 7.5 = gallons.
