**ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.**  
**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling. This product is used to prevent and control the growth of algae, including so called "black algae", in swimming pools. For maximum effectiveness, pools containing heavy growth of algae should be cleaned prior to using this product. For pools having visible growth of algae, add an initial dose of 24 to 36 oz. per 10,000 gal. water and remove settled algae debris by cleaning (vacuuming). For treatment of freshly cleaned and filled pool, add initial dose 14 to 24 ozs. per 10,000 gal. pool water. To maintain pools free of visible algae growth, subsequent additions of 4 1/2 ozs. per 10,000 gal. (approx. 1 oz. per 2,500 gal.) should be used every 5-7 days after initial treatment. Uniform distribution is necessary. Pour this product all around pool and throughout the pool water for maximum effectiveness. This product is compatible with those chemicals normally used to treat pools and is effective at both acid and alkaline pH. This product can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix this product with concentrated dry or liquid chlorine products.

**TO CALCULATE GALLONAGE FOR ROUND OR OVAL POOLS: Multiply diameter x diameter x average depth (all in feet) x 5.9 = gallons. FOR RECTANGULAR POOLS: Multiply length x width x average depth (all in feet) x 7.5 = gallons.**

**STORAGE AND DISPOSAL:** Do not contaminate water, food, or feed by storage or disposal. **PESTICIDE STORAGE:** Keep container closed and in cool place when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food. **PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
