

T.M.
ALGICIL

ALGAECIDE

EFFECTIVE AGAINST GREEN, BLACK
AND MUSTARD ALGAE

- No Foaming
- No Staining
- No Discoloration
- No Metals

Active Ingredient:

Poly [oxyethylene (dimethyliminio)
ethylene (dimethyliminio) ethylene dichloride] 60%
Inert ingredient 40%

This product contains 5.76 lbs. of active ingredient per gallon
and weighs 9.6 lbs. per gallon

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See side panel for further cautions

ACCEPTED

10-27-97

Under the Federal Insecticide, Fungicide, and
Rodenticide Act as amended, for the
pesticide, registered under
EPA Reg. No. 3432-42

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMAN AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID: If swallowed, call a physician or Poison Control Center. DO NOT INDUCE VOMITING. Rinse mouth with copious amounts of water, and then give 1 or 2 glasses of water. Avoid alcohol.

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish and aquatic organism. Do not contaminate water by cleaning of equipment or disposal of waste. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination Systems (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food, or feed by storage or disposal. Keep container closed and in a cool place when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food.

DISPOSAL: Do not reuse empty container. Wrap container and place in trash.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

This product is used to kill and control the growth of algae, including so called "black algae", in swimming pools. For maximum effectiveness, pools containing heavy growth of algae should be cleaned prior to using this product. For pools having visible growth of algae, add an initial dose of 12 to 18 oz. per 10,000 gal. water (approx. 1 1/2 to 1000 gal.) and remove settled algae debris by cleaning (vacuuming). For treatment of freshly cleaned and filled pool, add initial dose 7 to 12 ozs. per 10,000 gal. pool water. (approx. 1 oz. per 1000 gal.) To maintain pools free of visible algae growth, subsequent additions of 2 1/2 ozs. per 10,000 gal. (approx. 1 oz. per 5000 gal.) should be used every 5-7 days after initial treatment. Uniform distribution is necessary. Pour this product all around pool and throughout the pool water for maximum effectiveness.

This product is compatible with those chemicals normally used to treat pools and is effective at both acid and alkaline pH. This product can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix this product with concentrated dry or liquid chlorine products.

CAUTION: KEEP OUT OF REACH OF CHILDREN.

TO CALCULATE GALLONAGE FOR ROUND OR OVAL POOLS:

Multiply diameter x diameter x average depth (all in feet)
x 5.9 = gallons.

FOR RECTANGULAR POOLS:

Multiply length x width x average depth (all in feet) x 7.5 = gallons.
