Subject: Maxi-Chlor Super 3" Chlorinating Tablets
EPA Reg.#: 3432-61
Notification Date: August 10, 2010
Receipt Date: August 25, 2010

Dear Ms. McCombie:

This acknowledges the receipt of your notification, submitted under the provision of PR Notice 98-10 and FIFRA section 3(c)9.

Proposed Notification:

A change of each individual tablet weight from 7.3 ounces to 8.0 ounces and the corresponding change for the Direction of Use on the label from 6,800 to 7,500 gallons for "Maxi-Chlor Super 3" Chlorinating Tablets" (EPA Reg# 3432-61).

General Comment:

Based on the review of the material submitted, the notification application for a tablet weight change and the corresponding label Direction of Use change is acceptable.

This notification and this letter have been inserted in your file for future reference.

If you have further question on this letter, please contact David Liem at 703-305-1284 or by email at liem.david@epa.gov

Sincerely

A handwritten signature in black ink that reads "Wanda Y. Henson".

APPLICATION FOR NOTIFICATION: MINOR LABEL CHANGES

Notification of Minor Label Changes in Accordance With PR Notice 1998-10

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 95-2 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be the subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

SUBJECT: N. Jonas & Company Inc.
Maxi-Clor Super 3" Chlorinating Tablets (EPA Reg. No. 3432-61)
Notification of Minor Label Changes per PR Notice 1998-10
This Submission Is Not Subject To PRIA Fees

Dear Ms. Henson:

As Agent for N. Jonas & Company Inc. ("Jonas"), I am submitting a Notification under the provisions of PR Notice 1998-10 to advise the Agency of minor changes to the label for **Maxi-Clor Super 3" Chlorinating Tablets (EPA Reg. No. 3432-61)**. Jonas is changing the weight of each individual tablet from 7.3 ounces to 8.0 ounces. The per gallon rate in Step 2 under the Directions for Use section has also been revised from 6,800 to 7,500 gallons in conjunction with the change in tablet size.

Please find enclosed the following documents to support the Notification for **Maxi-Clor Super 3" Chlorinating Tablets**:

- 1) Pesticide Application Form; and,
- 2) Four (4) copies of the revised product label; one (1) copy with the changes highlighted.

Insofar as I am the authorized "Contact Point" and "Company Agent" for Jonas, please relay all correspondence directly to me at 122 C Street NW, Suite 740, Washington DC 20001. If you have any questions, please contact me by telephone at 202-393-3903 ext. 11 or by e-mail at wmccombie@lewisharrison.com.

Thank you very much for your cooperation.

Sincerely,

Wendy A. McCombie

DANGER

See [back] [side] panel for additional precautionary statements

FIRST AID

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. CORROSIVE: Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breath dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

(If container size is less than 5 gallons, use the following Environmental Hazards statement)

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

(If container size is 5 gallons or larger, use the following Environmental Hazards statement)

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of National Pollutant Discharge Elimination Systems (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do no discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS:

STRONG OXIDIZING AGENT. Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

This product is meant to help keep bacteria and algae under control in swimming pools.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

1. Before using Chlorinating Tablets make sure there is sufficient chlorine residual (3.5-5.0 ppm) in the swimming pool by superchlorination. Next day add 1 lb. Chlorine Stabilizer (Booster) for each 4,000 gallons of water.
2. Place approximately 1 super tablet for 7,500 gallons of water per week either into a tablet dispenser and float it in the pool or directly into a skimmer basket if one is available. In no case should tablets be thrown directly into or on a vinyl liner as bleaching will result.
3. A good pool water test kit should be used at least once a day to check both pH and chlorine levels. pH should be between 7.2-7.6 and adjusted as necessary. Chlorine should be between 1-2 ppm. If chlorine level is too low, add more tablets until there is enough to maintain the 1-2 ppm.

This product can be used in any dispenser that uses Chlorine Concentrate tablets or sticks. Should not be mixed with any other kind of chlorine as an explosion could result.

NOTE: During heavy bathing loads, very hot weather, rain, etc. and at least once a week, chlorine residual should be raised to 3.5-5.0 ppm with granular chlorine (superchlorinated). It is preferable to do this after swimming day so that pool will have a chance to come back to the 1-2 ppm before swimmers go back in next day. Reentry into treated swimming pools is prohibited above levels of 3 ppm of chlorine. Super tablets will last approximately 5-7 days depending upon temperature and amount of water flow. A 20 lb. pail will last a 10,000 gal. pool approximately 30 weeks; 30,000 gal. pool approximately 10 weeks. Each tablet weighs approximately 8.0 oz.

STORAGE AND DISPOSAL:

Do not contaminate food or feed by storage, disposal, or cleaning of equipment.

STORAGE: Keep this product dry in a tightly closed container, when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve all material before discarding this container.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
