Subject: Label Amendment – Changes Required by the Copper Compounds Amended
Interim Registration Review Decision
Product Name: COPPER 5 ALGAECIDE
EPA Registration Number: 3432-65
Received Date: 6/30/2022
Decision Number: 595736

Dear Christina M. Swick:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Copper Compounds Amended Interim Decision, and has concluded that your submission is acceptable.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6) you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Megan Snyderman by phone at 202-566-0639, or via email at snyderman.megan@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read 'J. Gayoso', is centered below the 'Sincerely,' text. The signature is fluid and cursive.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed, inhaled, or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing vapors or spray mist. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, smoking, chewing gum, using tobacco, or using the toilet.

FIRST AID	
IF IN EYES	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
IF INHALED	<ul style="list-style-type: none">• Move person to fresh air.• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.• Call a poison control center or doctor for further treatment advice.
IF SWALLOWED	<ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by the poison control center or doctor.• Do not give anything by mouth to an unconscious person.• Call a poison control center or doctor for further treatment advice
HOTLINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact Chemtrec at 1-800-424-9300 for emergency medical treatment information.	

PHYSICAL OR CHEMICAL HAZARDS: Do not mix with other chemicals.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

INITIAL DOSE: For every 10,000 gallons of pool water, add 48 ounces (1½ quarts) of **COPPER 5 ALGAECIDE** (this Algaecide).

MAINTENANCE DOSE: When filling pool at beginning of swimming season add 24 ounces of **COPPER 5 ALGAECIDE** (this Algaecide) per 10,000 gal to the pool water. If pool has visible algae growth, add initial as indicated above. To remove algae debris, vacuum pool after 24 hours. If visible algae reappear or are still present, repeat this treatment as required to free pool of algae. When all signs of algae are gone from the pool, use maintenance dose. Add a maintenance dose every 2 weeks. After heavy rain, or extended high temperatures or unusually heavy use, add maintenance dose more frequently. If weekly make-up water is equal to 10% or more of the pool capacity, add 8 ounces of **COPPER 5 ALGAECIDE** (this Algaecide) for each 2,500 gallons of new water added.

[Winterizing directions: Use [this product] at the rate of ½ gallon per 10,000 gallons of pool water. This dose will provide a measure of control over the winter months and make it easier to clean up and get the pool started in the spring. Use a close mesh or solid pool cover to prevent the accumulation of leaves and dirt in the pool during the winter months. Add [this product] prior to covering the pool.]

COPPER 5 ALGAECIDE (this Algaecide) is compatible with those chemicals normally used to treat pools.

HOW TO ESTIMATE GALLON CAPACITY OF YOUR POOL

FOR CIRCULAR OR ELLIPTICAL POOLS: Multiply diameter x diameter x average depth (all in feet) x 5.9 = gallons.

FOR SQUARE OR RECTANGULAR POOLS: Multiply length x width x average depth (all in feet) x 7.5 = gallons.

DISCHARGE DIRECTIONS FOR RESIDENTIAL POOL USES: Before draining a treated pool contact, your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool water to any location that flows to a gutter, storm drain or natural water body unless discharge is allowed by state and local authorities.

STORAGE AND DISPOSAL: Do not contaminate food or feed by storage, disposal, or cleaning of equipment.

PESTICIDE STORAGE: Keep this product in original tightly closed container when not in use.

PESTICIDE DISPOSAL: Wastes resulting from this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
