Quick Shock (EPA Reg. No. 3432-66)

Notification of Minor Label Changes per PR Notice 1998-10

This Submission Is Not Subject To PRIA Fees

Dear Ms. Mitchell:

As Agent for N. Jonas & Company Inc. ("Jonas"), I am submitting a Notification under the provisions of PR Notice 1998-10 to advise the Agency of minor changes to the label for **Quick Shock (EPA Reg. No. 3432-66)**.

The label changes are as follows:

- 1) Move the First Aid statements to the front panel per the Agency's recent internal policy changing the current guidelines set forth in the Label Review Manual at Chapter 7, Part III, Section F(3). Previously, the Agency did "permit reasonable variations in the placement of the First Aid statement as long as the reference statement, 'See First Aid (or Statement of Practical Treatment) on [identify appropriate panel]' appears on the front panel." However, since recent comments for EPA Reg. Nos. 3432-35 and 3432-56 have indicated that this former policy has changed, Jonas wants to ensure that all of their Toxicity Category I chlorinated products are in compliance with the new rule.
- 2) Revise the panel reference statement to read, "See [back] [side] panel for additional pregautionary statements"

Please find enclosed the following documents to support the notification for **Quick Shock** 33333

3,33

000000

1) Pesticide Application Form; and,

2) Three (3) copies of the revised product label with the changes highlighted.

: (زرزز Insofar as I am the authorized "Contact Point" and "Company Agent" for Jonas, please relay all correspondence directly to me at 122 C Street NW, Suite 740, Washington DC 20001. If you have any questions, please contact me by telephone at 202-393-3903 ext. 11 or by e-mail at wmccombie@lewisharrison.com.

M. Lei

Thank you very much for your cooperation.

Sincerely,

Wendy A. McCombie

for,

N. Jonas & Company Inc.

Revised 03 November 2009/Page 1 of 3

Quick Shock (EPA Reg. No. 3432-66)

@/-

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. CORROSIVE: Cause irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust, vapor or spray mist. Wear goggles, face shield or safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

(If container size is less than 5 gallons, use the following Environmental Hazards statement) **ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish and aquatic organisms.

(If container size is 5 gallons or larger, use the following Environmental Hazards statement) ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of National Pollutant Discharge Elimination Systems (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do no discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS: STRONG OXIDIZING AGENT: Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Before treating the pool, it should be chemically balanced. The pH should be adjusted to 7.4-7.6. The alkalinity and calcium hardness should also be measured to insure that they are in proper range. For WHITE PLASTER POOLS ONLY, broadcast the product directly into the pool water. Pre-dissolve the recommended dose of this product for all other pools, VINYL, FIBERGLASS, PAINTED AND ALL COLORED PLASTER POOLS. To pre-dissolve, add one pound of QUICK SHOCK CHLORINATOR to 2-3 gallons of water in a clean bucket. REMEMBER that the shock should be added to the water. NEVER add water to dry product. Use 1 to 2 pounds to treat each 10,000 gallons of water. Do not mix more than one pound at a time and never add any other chemicals or products to the solution in this bucket.

SPECIAL PRECAUTIONS (PLEASE READ):

- 1. This product has a powerful chlorine odor. Hold away from face when expensing to avoid breathing fumes.
- 2. Prolonged contact between this product in its undissolved state and vinyl liners or painted surfaces will result in bleaching of the vinyl or paint.
- **3.** When adding this product make sure there are no other chemicals present as a violent reaction may occur. It is always dangerous to mix chemicals.
- **4.** Use this product as directed as per instructions on label. Do not take advice from others or experiment yourself.

7/

5. Reentry into treated swimming pools is prohibited above levels of 3 ppm of chlorine.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Keep product dry in a tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container, if possible, and flood with large amounts of water to dissolve material before discarding.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. **If Empty**: Do not reuse this container. Place in trash or offer for recycling if available. **If Partly Filled**: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
