This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a national Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA

EPA REG. NO. 3432-68  
EPA EST. NO. 3432-PA-1

Manufactured by:

**N. Jonas & Company, Inc.**  
4520 Adams Circle  
P.O. Box 425  
Bensalem, PA 19020-0425

NET WEIGHT: 1 lb.

*KEEPS YOUR POOL ALGAE FREE AND CRYSTAL CLEAR THROUGHOUT THE WINTER FREEZE - HELPS MAKE SPRING START-UP A BREEZE*

Active Ingredients:  
Copper sulfate pentahydrate\* 24.70%  
Inert Ingredients 75.30%  
TOTAL 100.00%

\* Copper equivalence .....6.29%

**KEEP OUT OF REACH OF CHILDREN**

### CAUTION

SEE STATEMENT OF PRACTICAL TREATMENT AND OTHER PRECAUTIONS ON SIDE PANELS BEFORE OPENING CONTAINER

FIRST AID	
If In Eyes:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If On Skin Or Clothing:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If Inhaled:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
If Swallowed:	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Avoid mixing Winter Powder Algaecide with other chemicals as dangerous reactions may occur.

Add Winter Powder Algaecide only to a clean and algae free pool. For maximum results vacuum or remove by hand any debris and super chlorinate pool before adding Winter Powder Algaecide.

Use 16 ounces (1 lb.) of Winter Powder Algaecide for every 10,000 gallons to be treated. Start with a clean, empty bucket. Put at least 2 gallons of water in the bucket and then add 1 lb. of Winter Powder Algaecide.

Stir thoroughly to dissolve all particles. Pour off liquid and, if necessary, dilute any remaining solids with additional water. Pour solution into the skimmer making sure that pump is activated, skimmer contains no other material, and water flows freely into skimmer. For optimal distribution, allow filter to run for several hours. If filtration system is not in operation, pour solution into pool while moving around the perimeter. Disburse solution as extensively as possible. When winterizing is complete, cover pool.

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Keep container closed when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. All pesticides should be kept out of reach of children and stored away from food.

**DISPOSAL:** Do not re-use empty container. Rinse thoroughly. Securely wrap in several layers of newspaper and discard in trash.
