Subject: Maxi-Chlor II Pool Chlorinating Granular  
EPA Reg. No. 3432-69  
Application Date: March 4, 2014  
Receipt Date: March 6, 2014

Dear Mr. Pastore:

This acknowledges receipt of your notification, submitted under the provision of PR Notice 98-10, FIFRA section 3(c)9.

**Proposed Notification:**

Alternate Brand Name (Peachtree Pools Chlorinating Granules)

**General Comments:**

Based on a review of the material submitted, the following comment applies:

The notification application is acceptable and a copy has been inserted in your file for future reference.

Should you have any questions or comments concerning this letter, please contact me at [Henson.Wanda@epa.gov](mailto:Henson.Wanda@epa.gov) or call (703) 308-6345.

Sincerely,

A handwritten signature in black ink, appearing to read "Wanda Y. Henson".

Wanda Y. Henson (Team 32)  
Environmental Protection Specialist  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

**Application for Pesticide - Section I**

1. Company/Product Number 3432-69	2. EPA Product Manager	3. Proposed Classification <input checked="" type="checkbox"/> None <input type="checkbox"/> Restrict
4. Company/Product (Name) MAXI-CHLOR II	PM#	
5. Name and Address of Applicant (Include ZIP Code) N. Jonas & Co. Inc. 4520 Adams Circle Bensalem, PA 19020 <input type="checkbox"/> Check if this is a new address	6. Expedited Review. In accordance with FIFRA Section 3(c)(1)(b)(i), my product is similar or identical in composition and labeling to: EPA Reg. No. _____ Product Name _____	

**Section - II**

<input type="checkbox"/> Amendment - Explain below.	<input type="checkbox"/> Final printed labels in response to Agency letter dated _____
<input type="checkbox"/> Resubmission in response to Agency letter dated _____	<input type="checkbox"/> "Me Too" Application.
<input checked="" type="checkbox"/> Notification - Explain below.	<input type="checkbox"/> Other - Explain below.

**Explanation:** Use additional page(s) if necessary. (For section I and Section II.) This notification is consistent with provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Peachtree Pools Chlorinating Granules

**Section - III**

1. Material This Product Will Be Packaged In:				2. Type of Container	
Child-Resistant Packaging <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Unit Packaging <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	Water Soluble Packaging <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		<input type="checkbox"/> Metal	<input checked="" type="checkbox"/> Plastic
* Certification must be submitted		If "Yes" Unit Packaging wgt. No. per container	If "Yes" Package wgt. No. per container	<input type="checkbox"/> Glass	<input type="checkbox"/> Paper
3. Location of Net Contents Information <input checked="" type="checkbox"/> Label <input type="checkbox"/> Container		4. Size(s) Retail Container 1 to 25 lbs		5. Location of Label Directions <input checked="" type="checkbox"/> On Label	
6. Manner in Which Label is Affixed to Product <input type="checkbox"/> Lithograph <input type="checkbox"/> Paper glued <input type="checkbox"/> Stenciled				<input type="checkbox"/> Other _____	

**Section - IV**

1. Contact Point (Complete items directly below for identification of individual to be contacted, if necessary, to process this application.)		
Name Al Pastore	Title Technical Director	Telephone No. (Include Area Code) 215-639-8071
Certification I certify that the statements I have made on this form and all attachments thereto are true, accurate and complete. I acknowledge that any knowingly false or misleading statement may be punishable by fine or imprisonment or both under applicable law.		6. Date Application Received (Stamped)
2. Signature 	3. Title Technical Director	
4. Typed Name Al Pastore	5. Date 3/4/14	

# Chlorinating Granules

**FOR SPARKLING AND CRYSTAL CLEAR WATER  
SWIMMING POOL ALGAEICIDE  
NO SCALE FORMING MINERALS OR INSOLUBLES  
CONVENIENT COMPLETE POOL CARE**

**FIRST AID:** Have the product container on label with you when using a poison control center or doctor for treatment. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes; then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF INHALED:** Move person to fresh air. If person is short of breath, call for an ambulance. If severe irritation or respiratory problems occur, call a poison control center or doctor for treatment advice. **IF ON SKIN (OR CLOTHING):** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. If breathing is difficult, call a poison control center or doctor for treatment advice. **NOTE TO PHYSICIAN:** It is probably mucous membrane may contraindicate the use of gastric lavage.

**KEEP OUT OF REACH OF CHILDREN**  
**NET WT. 2 lbs.**  
See back panel for additional precautionary statements

**ACTIVE INGREDIENT:**  
Sodium Dichloro-s-triazinetriene  
Dihydrate 99%  
**OTHER INGREDIENTS** 1%  
Available Chlorine 55% **TOTAL 100%**

**Net Wt. 2 lbs.**

Mfg. by: N. JONAS AND CO., INC. • Bensalem, PA 19020

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**DANGER, CORROSIVE:** Causes irreversible eye damage. May be fatal if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust, vapor or spray mist. Wear goggles, face shield, or safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, smoking tobacco, or using the toilet. Remove contaminated clothing and wash before reuse.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish and aquatic organisms.  
**PHYSICAL AND CHEMICAL HAZARDS: STRONG OXIDIZING AGENT.** Contact with water slowly liberates irritating and hazardous chlorine containing gases. Decomposes at temperatures above 464°F with liberation of harmful gases. When ignited, will burn with the evolution of chlorine and equally toxic gases. Never add water to this product. Always add product to large quantities of water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible fire and explosion. **IN CASE OF FIRE OR SMOKE:** Call the fire department. Do not attempt to extinguish the fire without a self contained breathing apparatus (SCBA). Do not let the fire burn. **Food with copious amounts of water. DO NOT use ABC or other dry chemical extinguishers since there is the potential for a violent reaction. IN CASE OF CONTAMINATION OR DECOMPOSITION: DO NOT** reseal container. Neutralize material to a non-oxidizing state for a safe disposal.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
**SWIMMING POOL WATER DISINFECTION:** This product is intended for use in controlling bacteria and algae in swimming pools. This product must be added directly to the surface of circulating water according to the directions. Reentry into treated swimming pools or spas is prohibited above levels of 3 ppm of chlorine.

**START UP:** Before using this product, make sure that the filtration system is clean and operating properly. Adjust the pH of the water to the range of 7.2-7.6 using suitable products and a reliable test kit. Adjust the alkalinity of the water to a minimum of 125 ppm (mg/L) based on the test kit reading. Add a sufficient amount of this product directly to the surface of circulating water to raise the free chlorine level in the water to 5-6 ppm (mg/L) based on reading from a suitable test kit. The addition of 10 ounces of this product for each 10,000 gals. of water (7.5 grams / 1,000 liters) will provide approximately 5 ppm (mg/L) of available chlorine.

**SHOCK TREATMENT:** The pool water must be superchlorinated or shocked every 7 days or whenever the combined chlorine level is above 0.5 ppm (mg/L). Combined chlorine is the difference between total and free chlorine, as measured by a suitable test kit. Add a sufficient amount of this product directly to the surface of circulating water to raise the available chlorine level to 5-6 ppm (mg/L) based on the test kit reading. The addition of 10 ozs. of this product for each 10,000 gals. of water (7.5 grams / 1,000 L) will provide approximately 5 ppm (mg/L) of available chlorine. If the combined chlorine reading is not below 0.5 ppm (mg/L) and the water has not been restored to its normal clarity, repeat the shock treatment described above. Do not enter water until free available chlorine reading is below 3 ppm (mg/L), combined chlorine is below 0.5 ppm (mg/L) and the water is restored to its normal clarity.

**MAINTENANCE TREATMENT:** Add this product daily or as needed to maintain the free available chlorine residual in the water at 1-3 ppm (mg/L) as indicated by a reliable test kit. The addition of 2 ozs of this product per 10,000 gals. of water (1.5 grams/1,000 L) will provide approximately 1 ppm (mg/L) of available chlorine. Weather and usage effect sanitizer levels. In addition, some oils, lotions, fragrances, cleaners, etc. may cause foaming or cloudy water as well as reduce the efficiency of this product. Maintain the pH at 7.2-7.6 and the alkalinity at a minimum of 125 ppm (mg/L). When the total dissolved solid (TDS) reaches 3000 ppm (mg/L) or whenever the water becomes difficult to manage, the water must be drained and fresh water added to the pool. Chlorine must be allowed to dissipate from treated pool water before discharge. Do not chlorinate the pool within 24 hrs. prior to discharge.

**WINTERIZING:** Thoroughly clean and vacuum the pool. While the water is still clear and clean, apply 16 ounces of this product for each 10,000 gallons of water (12 grams per 1,000 liters), while the filtration system is running. This will increase the available chlorine by approximately 6 ppm (mg/L). Cover pool, prepare heater, filter and heater components for winter by following manufacturers' instructions.

**STORAGE AND DISPOSAL:** Do not contaminate water, food or feed by storage or disposal.  
**STORAGE:** Keep material dry and in a dry area. Store in original container where temperatures do not exceed 155°F (52°C) for 24 hours. Retie polyethylene liner after each use and keep container tightly closed.

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Do not put this product, spilled product, or filled or partially filled containers into the trash or wastecompartor. Contact with incompatible materials could cause a reaction and fire. **DO NOT** transport wet or damp material. Neutralize material to a non-oxidizing state for safe disposal.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Triple rinse or equivalent. Offer for recycling if available. If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
