THIS PRODUCT WILL NOT CAUSE
FOAMING OR ODORS.

KEEP OUT OF REACH OF CHILDREN
CAUTION

See back panel for additional
precautionary statements.

NET CONTENTS: 1 PINT (16 fl. oz.)

Mfg. by: N. Jonas & Co., Inc., Bensalem, PA 19020

SILSPA DISINFECTANT is compatible with those chemicals normally used to treat SPAS, HOT TUBS AND WHIRLPOOLS (Spas) and is effective at both acid and alkaline pH. The SILSPA Disinfectant system is an effective disinfectant when used alone and does not require the use of chlorinating, or brominating products. However, it can be used in spas previously treated with these products. Do not mix SILSPA DISINFECTANT OR SILSPA ENERGIZE with concentrated dry or liquid chlorinating or brominating products.

THIS PRODUCT IS USED TO KEEP BACTERIA UNDER CONTROL IN SPAS, HOT TUBS AND WHIRLPOOLS.

*Odor Free *Non-Sudsing *Does not upset pH *Compatible with all SPA chemicals

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Product may irritate eyes in the concentrated form. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID	
IF IN EYES	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
IF SWALLOWED	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
IF INHALED	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment.</p>	

PHYSICAL AND CHEMICAL HAZARDS: Mix only with water. Do not add this product to any dispensing device containing remnants of any other product. Do not allow contact with any reducing agents, organic matter, or ammonia.

SHAKE WELL BEFORE USING

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

There is no pretreatment required for a spa previously treated with chlorinating or brominating products. To start up a new spa or when refilling a spa, add 6.0 fl.oz of SILSPA DISINFECTANT per 500 gal. water. Add SILSPA DISINFECTANT to the spa in front of a return. After SILSPA DISINFECTANT has circulated for 15 min. add SILSPA ENERGIZE at the rate of 2 oz. per 500 gallons spa water. SILSPA ENERGIZE is a necessary product for the complete activation of SILSPA DISINFECTANT.

If the volume is not known, add enough SILSPA DISINFECTANT to establish a 1.0 ppm residual. Your professional spa dealer will be able to test for this residual. Have the spa tested each week to insure that the proper amount of SILSPA DISINFECTANT is present. If it should fall below 1.0 ppm add enough SILSPA DISINFECTANT to adjust the level to 1.0 ppm. Each week, and after extended or heavy use, add 4.0 oz. SILSPA ENERGIZE for each 500 gallons of water.

STORAGE AND DISPOSAL:

PESTICIDE STORAGE: Store in a cool dry place.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse container. Rinse thoroughly before discarding in trash.
