Subject: Label Amendment – Changes Required by the Copper Compounds Amended
Interim Registration Review Decision
Product Name: ALGITEC 7.0
EPA Registration Number: 3432-79
Received Date: 6/30/2022
Decision Number: 595737

Dear Christina M. Swick:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Copper Compounds Amended Interim Decision, and has concluded that your submission is acceptable.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6) you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Megan Snyderman by phone at 202-566-0639, or via email at snyderman.megan@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read 'J. Gayoso', is centered on the page. The signature is fluid and cursive, with a large initial 'J' and a stylized 'G'.

Jose Gayoso, Senior Regulatory Advisor
Reevaluation Branch
Antimicrobials Division (7510P)

HOTLINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 303-595-9048 (collect) for emergency treatment information or 800-424-9300 (CHEMTREC) for transportation and spills information.	
NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage.	

PHYSICAL OR CHEMICAL HAZARDS: Do not mix with other chemicals.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions. This product is concentrated. Mix the correct amount of this product with one (1) gallon of water and distribute around the edge of the pool. Apply the initial treatment dosage to a freshly filled pool or at first visible signs of algae. Thereafter, apply maintenance dose every two (2) weeks. For each 10,000 gallon of pool volume add an initial dose of 4.0 oz. and thereafter, add a maintenance dose of 2.0 oz. every two (2) weeks.

NOTE: Buyer assumes all responsibility for safety and use not in accordance with directions.

This product is especially made to control algae growth in all types of swimming pools.

Water treated with this product can be used immediately-**NO WAITING**. The long lasting action controls existing algae and the maintenance dosages control algae regrowth. This product will not cause the water to foam and will not alter the pH or chlorine residual of the water.

POOL FORMULA: (Capacity in Gallons)

Rectangular or Square Pools: Length x width x average depth (feet) x 7.5=gallons.

Round Pools: Diameter x Diameter x Average Depth (feet) x 5.9=gallons.

DISCHARGE DIRECTIONS FOR RESIDENTIAL POOL USES: Before draining a treated pool, contact, your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool water to any location that flows to a gutter, storm drain or natural water body unless discharge is allowed by state and local authorities.

(If the container size is for use at residential pools, use the following Storage and Disposal Statement language)

STORAGE AND DISPOSAL:

Do not contaminate food or feed by storage or disposal.

Pesticide Storage: Keep this product in original tightly closed container in an area inaccessible to children and persons unfamiliar with its use.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. If Empty: Offer for recycling or wrap securely in several layers of newspaper and discard in trash. If Partly Filled: Call your local waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

(If the container size is for use at commercial pools, use the following Storage and Disposal Statement language)

STORAGE AND DISPOSAL:

Do not contaminate food or feed by storage or disposal.

Pesticide Storage: Keep this product in original tightly closed container in an area inaccessible to children and persons unfamiliar with its use.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then, offer for recycling if available. If not, dispose of container in a sanitary landfill.
