Subject **Poly 20 ALGAECIDE**
EPA Registration No.: 3432-80
Application Date: December 10, 2010
Receipt Date: December 23, 2010

Dear Ms. McCombie:

This acknowledges receipt of your notification, submitted under the provision of PR Notices 98-10, 2007-4, and FIFRA section 3(c) 9.

Proposed Notification:

- Adding Environmental Hazard section
- Updating Storage and Disposal language

General Comment:

Based on a review of the materials submitted, your notification to update the environmental hazards and storage/disposal statements are acceptable and apart of the records on file.

Should you have any questions or comments concerning this letter, you may contact me by telephone at (703) 308-6416 or by e-mail at Campbell-Mcfarlane.Jacqueline@epa.gov or Glen McLeod by telephone at (703) 347-0181 or by e-mail at mcleod.glen@epa.gov. When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

Jacqueline Campbell-McFarlane
Product Manager (34)

APPLICATION FOR NOTIFICATION: MINOR LABEL CHANGES

Notification of Minor Label Changes in Accordance With PR Notice 1998-10, 2007-1 and 2007-4

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 95-2 and 40 CFR 152.46, this product may be in violation of FIFRA and is hereby the subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

**SUBJECT: N. Jonas & Company Inc.
Poly 20 Algaecide (EPA Reg. No. 3432-80)
Notification of Minor Label Changes per PR Notices 1998-10, 2007-1, and 2007-4
This Submission Is Not Subject To PRIA Fees**

Dear Ms. Campbell-MacFarlane:

As Agent for N. Jonas & Company Inc. ("Jonas"), I am submitting a Notification under the provisions of PR Notices 1998-10, 2007-1 and 2007-4 to advise the Agency of minor changes to the label for **Poly 20 Algaecide (EPA Reg. No. 3432-80)**.

The label changes are as follows:

- 1) Replace the Environmental Hazards language, which was inadvertently omitted from the last label notification.
- 2) Update the container disposal language in the Storage and Disposal section per the instructions provided in PR Notice 2007-1 and PR Notice 2007-4. Please note that this Jonas product is sold for household/residential use only. Therefore, only the label language for household/residential containers required by these PR Notices is applicable to this product.

Please find enclosed the following documents to support the notification for **Poly 20 Algaecide**:

- 1) Pesticide Application Form; and,
- 2) Three (3) copies of the revised product label with the changes highlighted.

4/6

Insofar as I am the authorized "Contact Point" and "Company Agent" for Jonas, please relay all correspondence directly to me at 122 C Street NW, Suite 740, Washington DC 20001. If you have any questions, please contact me by telephone at 202-393-3903 ext. 11 or by e-mail at wmccombie@lewisharrison.com.

Thank you very much for your cooperation.

Sincerely,

Wendy A. McCombie

DIRECTIONS USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Poly 20 Algaecide is used to control the growth of algae in swimming pools, exterior spas, whirlpools and hot tubs. For maximum effectiveness, swimming pools, exterior spas, whirlpools and hot tubs containing heavy algae growth should be cleaned prior to using **Poly 20 Algaecide**.

For pools having just visible algae growth, add an initial dose of 37 to 56 fluid ounces of **Poly 20 Algaecide** per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool, add initially 20 to 37 fluid ounces of **Poly 20 Algaecide** per 10,000 gallons of water. Subsequent additions of 7 to 13 ounces of **Poly 20 Algaecide** per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools and hot tubs having just visible algae growth require an initial dose of 4 to 6 fluid ounces of **Poly 20 Algaecide** per 1,000 gallons of water and remove settled algae debris by cleaning. For treatment of freshly cleaned and filled spas, whirlpools and hot tubs, add initially 2 to 4 fluid ounces of **Poly 20 Algaecide** per 1,000 gallons of water. Subsequent additions of 1 to 2 ounces of **Poly 20 Algaecide** per 1,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Poly 20 Algaecide will prevent growth of most algae during the off-season winter months when pools are not in use. For pools which have been properly treated during the swimming season and are free of visible algae, add 20 to 32 fluid ounces of **Poly 20 Algaecide** per 10,000 gallons of water. If, at the end of the swimming season pools have some visible algae growth, add 37 to 57 fluid ounces per 10,000 gallons of water. It is necessary that a uniform distribution of **Poly 20 Algaecide** be made throughout the water and the pool for maximum effectiveness. If the pool is not covered, it may be necessary to repeat the treatment one or more times during the season.

Poly 20 Algaecide is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. **Poly 20 Algaecide** can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix **Poly 20 Algaecide** with concentrated dry or liquid chlorine products.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Keep container closed and in a cool place when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food.

PESTICIDE DISPOSAL: Wastes resulting from the use of this pesticide may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

[Lot Number _____][Batch Number _____]

HOW TO DETERMINE POOL CAPACITY (IN U.S. GALLONS)

For Rectangular Pools: average depth x length x width (all in feet) x 7.5 = gallons.

For Round Pools: Diameter of pool x diameter of pool x average depth (all in feet) x 5.9 = gallons.
