Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Winter Power Algaecide

Wendy McCombie
Agent for N. Jonas & Co, Inc.
N. Jonas & Co, Inc.
4520 Adams Circle
Bensalem, PA 19020

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Eric Miederhoff, Product Manager 31
Regulatory Management Branch I
Antimicrobials Division (7510P)
Office of Pesticide Programs

Date:

12/17/18

2. You are required to comply with the data requirements described in the DCI identified below:
 - a. Copper sulfate pentahydrate GDCI-024401-1268
3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 3432-88.”
4. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSF:

- Basic CSF dated 6/12/2018

If you have any questions, please contact Emilia Oiguenblik by phone at 703 347 0199, or via email at Oiguenblik.emilia@epa.gov or Eric Miederhoff by phone at 703 347 8028, or via email at Miederhoff.eric@epa.gov

Enclosure: Stamped label, Acute Tox. review, Chemistry review.

Applicators and other handlers must wear:

- Long-sleeved shirt and long pants
- Water-proof gloves
- Socks and Shoes
- Protective eyewear

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Avoid mixing Winter Powder Algaecide with other chemicals as dangerous reactions may occur.

Add Winter Powder Algaecide only to a clean and algae free pool. For maximum results vacuum or remove by hand any debris and super chlorinate pool before adding Winter Powder Algaecide.

Use 16 ounces (1 lb.) of Winter Powder Algaecide for every 10,000 gallons to be treated. Do not exceed 0.75 ppm metallic copper. Start with a clean, empty bucket. Put at least 2 gallons of water in the bucket and then add 1 lb. of Winter Powder Algaecide.

Stir thoroughly to dissolve all particles. Pour off liquid and, if necessary, dilute any remaining solids with additional water. Pour solution into the skimmer making sure that pump is activated, skimmer contains no other material, and water flows freely into skimmer. For optimal distribution, allow filter to run for several hours. If filtration system is not in operation, pour solution into pool while moving around the perimeter. Disburse solution as extensively as possible. When winterizing is complete, cover pool.

Before draining a treated pool, contact your sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool water to any

location that flows to a gutter, storm drain or natural water body unless discharge is allowed by state and local authorities.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Keep container closed when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. All pesticides should be kept out of reach of children and stored away from food.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. **If Empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If Partly Filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
