

## OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

WASHINGTON, D.C. 20460

August 28, 2024

Daniel Rein  
Chemist/Tech. Director  
N. Jonas & Co., Inc.  
Electronic Transmittal: drein@njonas.com

Subject: Label Amendment – Changes Required by the Inorganic Halides  
Interim Registration Review Decision  
Product Name: *Yellow Erase*  
EPA Registration Number: 3432-90  
Received Date: August 15, 2024  
Decision Number: 596115

Dear Daniel Rein:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Inorganic Halides Interim Registration Review Decision, and has concluded that your submission is acceptable.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6) you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Erin Dandridge by phone at 202-566-0635 or via email at [Dandridge.erin@epa.gov](mailto:Dandridge.erin@epa.gov).

Sincerely,

Michael J. Varco  
Acting Senior Environmental Protection Specialist  
Reevaluation Branch  
Antimicrobials Division (7510P)  
Office of Pesticide Programs

Enclosure: Product Master Label

# YELLOW ERASE

[For Fast Treatment Of Yellow And Mustard Algae In Swimming Pools]  
[Dissolves Quickly] [Leaves No Residue] [May Be Used In All Types Of Pools]  
[Restores Water Clarity] [Low Odor] [Easy To Use] [No Pre-Dissolving Needed]

## ACTIVE INGREDIENTS:

Sodium Bromide..... 99%

OTHER INGREDIENTS:..... 1%

TOTAL:..... 100%

## CAUTION

### KEEP OUT OF REACH OF CHILDREN

See [back] [side] panel[s] for additional precautionary statements [and first aid].

### FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment

#### If swallowed

- Call a poison control center, or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person

#### If on skin or clothing

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

#### If in eyes

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

#### If inhaled

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

### NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

EPA Reg. No. 3432-90

EPA Est. No. 3432-PA-1

Net Wt. \_\_\_\_\_ lbs.

Mfg. for: **N. JONAS AND CO., INC.** • P.O. Box 452 • Bensalem, PA 19020

**ACCEPTED**

**08/28/2024**

Under the Federal Insecticide, Fungicide  
and Rodenticide Act as amended, for the  
pesticide registered under  
EPA Reg. No. 3432-90

## **PRECAUTIONARY STATEMENTS**

### **HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION.** Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing dust. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

### **GENERAL PRECAUTIONS AND RESTRICTIONS**

Do not smoke, drink, or eat when handling. Do not ship with foods, feeds, drugs, or clothing. Keep container tightly closed when not in use.

### **ENVIRONMENTAL HAZARDS**

This product is toxic to fish and aquatic organisms. Do not contaminate water by cleaning of equipment or disposal of waste. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

### **PHYSICAL OR CHEMICAL HAZARDS**

Avoid contact with strong oxidizers (except when in use), acids, alkaline, and heavy metal salts.

### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read the entire label and use strictly in accordance with precautionary statements and directions. This product is not for use in outdoor pools. Outdoor hot tubs and spas must be covered when not in use to prevent the break down of the product into bromate under sunlight. **Discharge directions for [Commercial] and [Residential] [Pool,] [Spa,] and [Hot Tub] Uses:** Before draining a treated [pool,] [spa,] or [hot tub] contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated [pool,] [spa,] or [hot tub] contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated [pool,] [spa,] or [hot tub] water to any location that flows to a gutter, storm drain or natural water body unless discharge is allowed by state and local authorities.

### **IMMEDIATE TREATMENT:**

To remove visible yellow or mustard algae: (All dosages are for 10,000 gallons of water). Brush walls and floor areas affected by yellow algae accumulations. Apply 4 oz. of this product as close to the affected areas as possible. For severe accumulations, double the above dosage. Superchlorinate by following directions of this product's label. Swimming may be resumed a few hours after treatment.

[NOTE TO REVIEWER: Bracketed text denotes optional/alternate language.]

{NOTE TO REVIEWER: All text in braces is administrative and will not appear on the final label.}

**WEEKLY MAINTENANCE TREATMENT:**

To prevent accumulation of yellow algae: (All dosages are for 10,000 gallons of water). With water temperature over 80°F, add 4 oz. of this product with 1 gallon of liquid chlorine or 1 pound of dry chlorine once a week. With a water temperature under 80°F, add 2 oz. of this product weekly and ½ gallon of liquid chlorine or ½ pound of dry chlorine.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE:** Store in a cool, dry, well-ventilated area, in well-closed original containers.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use in accordance with label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER HANDLING:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. **If Empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If Partly Filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**SPILLS**

When handling or dealing with spills, use goggles with side shields, or face shield, protective clothing, including chemical-resistant gloves and boots; use a dust respirator if dusting occurs. Sweep up dry spills and dispose of as described for pesticide disposal. If container contents are contaminated or decomposing, do not reseal container. Isolate unsealed container in the open or in a well-ventilated area; flood with large volumes of water if necessary.
