

Apply SEVIN to all areas where insects are known to be present. Do not apply to areas where SEVIN is not needed. Do not apply to areas where SEVIN is not needed. Do not apply to areas where SEVIN is not needed.

Apples and Pears. Apply at the rate of 1/2 ounce per 100 square feet. Do not apply to areas where SEVIN is not needed. Do not apply to areas where SEVIN is not needed.

Peaches and Plums. Apply at the rate of 1/2 ounce per 100 square feet. Do not apply to areas where SEVIN is not needed. Do not apply to areas where SEVIN is not needed.

LAWN INSECT CONTROL: Use 1/2 pint (8 ounces or 16 tablespoons) in 10 to 15 gallons of water and apply evenly for each 500 square feet. Use hose-attached or pressure-type sprayer to control sod webworms, chinch bug, ants, earwigs, bill armyworm, fleas, leafhopper, millipede, mosquito, and brown dog tick. For best results, mow lawn first and apply after rain or watering. Repeat 2 or 3 weeks later, if necessary. For Sod webworms apply May 15th and repeat at 21 days intervals through August.

PRECAUTIONARY STATEMENTS

SEVIN*

LIQUID CONCENTRATE

**For Use on Flowers,
Vegetables, Fruits, Lawns,
Shrubs and Ornamentals.**
