PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed or absorbed through the skin. Avoid breathing vapors. Avoid contact with eyes, skin or clothing. In case of contact, immediately flush eyes and skin with plenty of water. Get medical attention if irritation persists. Remove pets, birds, and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT

- IF SWALLOWED** Call a physician or Poison Control Center immediately. Induce vomiting by giving victim 1 or 2 glasses of water and touching back of throat with finger. Never give anything by mouth to an unconscious person.
- IF IN EYES** Flush with plenty of water. If irritation persists get medical attention.
- IF ON SKIN:** Wash with plenty of soap and water.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to lakes, streams, or ponds (water). Do not contaminate water by cleaning of equipment or disposal of wastes. Shrimp and Crab may be killed at application rates recommended on this label. Do not apply where these are important resources.

NOTICE: LaRoche Industries Inc. can accept no responsibility for injury to persons or animals or for loss or damage to turf, soil or other property resulting from failure to follow directions for use or to observe cautions printed on this package.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product may be used indoors, out-of-doors or in greenhouses throughout the growing season, or as a preharvest treatment when other insecticides are prohibited due to residue restrictions and use limitations.

This product is Ready to Use. To control insects named in chart, apply to provide thorough coverage of upper and lower leaf surfaces. Repeat treatment weekly or as needed to control infestations.

ROSES & FLOWERS

Copy for Right

INSECTS

PLANTS

For Aphids, Flea Beetles, Leafhoppers, Thrips, Plant Bug, Rose Chafer, Cutworms, Spider Mites & White Flies.

ON - African Violets, Azaleas, Begonias, Camellias, Dahlias, Dogwood, Roses, Wandering Jew, Asters, Carnations, Chrysanthemums, Geraniums, Gladiolus, Marigolds.

INDOOR INSECT CONTROL

Adjust sprayer to give a fine "floating" mist as space spray to control Flies, Fruit Flies, Mosquitoes, Gnats, and Small Flying Insect Moths.

Cover or remove exposed food and food handling surfaces. Close windows, and doors and shut off ventilating systems. Direct the spray mist toward the upper portions of the enclosure filling the room with the mist and hitting as many insects with the spray as possible.

Use 2 to 4 ounces per 1,000 cubic feet of space. Keep area closed for at least 30 minutes. Vacate treated areas and ventilate before reoccupying. Repeat treatment as necessary.

OUT-OF-DOORS ADULT MOSQUITO CONTROL

Apply as fine mist to thoroughly treat the entire area. For best results, treat when the wind velocity does not exceed 5 miles per hour. (Treat when it is calm.) Treat shrubbery and vegetation where mosquitoes may rest, particularly around mosquito breeding places such as swamps, marshes, stagnant pools and ponds. Apply at the rate of 4 ounces of this product per 1,000 square feet of area.
