This product is toxic to fish and other aquatic life. Do not use in open water, streams, or drainage channels.

Do not use in areas where the water is used for drinking or for irrigation. Do not use in areas where the water is used for stock watering.

Do not use in areas where the water is used for recreation. Do not use in areas where the water is used for fishing.

Do not use in areas where the water is used for irrigation. Do not use in areas where the water is used for stock watering.

NON-WARRANTY NOTICE

This product is sold as is. No warranty is made by the manufacturer for the results obtained from its use.

THIS CONTAINER IS NON-RETURNABLE

Method of Application: Spray directly on weeds in irrigation and drainage channels.

Water Weed Killer

Controls submersed water weeds and "mosses" in irrigation and drainage channels.

ACTIVE INGREDIENTS (by weight)

INERT INGREDIENTS (by weight)

TOTAL

Water Weed Killer is a highly aromatic-emulsifiable petroleum solvent weed killer for use in irrigation and drainage channels. It effectively controls a variety of submersed aquatic weeds including "water mosses" such as Pond Scum (Filamentous Algae) and submersed aquatic weeds (American Pondweed, Sago Pondweed or Horned Pondweed, Leafy Pondweed, Richardson's Pondweed, Curlyleaf Pondweed, Coontail, Water Weed or Elodea, and Water Stargrass).

DANGER KEEP OUT OF REACH OF CHILDREN
SEE OTHER WARNINGS ON SIDE PANEL

DO NOT USE, POUR, SPILL, OR STORE NEAR HEAT OR OPEN FLAME

DIRECTIONS FOR USE

Apply Water Weed Killer to the water surface in irrigation and drainage channels. The product will sink to the bottom and kill the weeds. Repeat applications may be necessary. Do not use in areas where the water is used for drinking or for irrigation. Do not use in areas where the water is used for stock watering. Do not use in areas where the water is used for recreation. Do not use in areas where the water is used for fishing.
