 <p>U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (H7505C) 401 "M" St., S.W. Washington, D.C. 20460</p> <p><b>NOTICE OF PESTICIDE:</b>  <input checked="" type="checkbox"/> Registration  <input type="checkbox"/> Reregistration          (under FIFRA, as amended)</p>	EPA Reg. Number: 3468-57	Date of Issuance: JAN 22 1993
	Term of Issuance: Conditional	
		Name of Pesticide Product: Potato Seed Treater
Name and Address of Registrant (include ZIP Code): Schall Chemical, Inc. 120 North Broadway Monte Vista, CO 81144		
Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:</p> <ol style="list-style-type: none"> <li>1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.</li> <li>2. Revise the label by:           <ol style="list-style-type: none"> <li>a. adding the phrase "EPA Registration No. 3468-57";</li> <li>b. replacing the second sentence under "Environmental Hazards" with "Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark.";</li> <li>c. placing the net contents on the bottom front panel of the label or at the end of the label text;</li> </ol> </li> </ol>		
Signature of Approving Official: 		Date: JAN 22 1993

-2-

d. revising the second sentence under "Personal Protective Equipment" to read "All agricultural workers/ handlers (i.e., mixers, loaders, and applicators) applying this product must wear coveralls over a long-sleeved shirt and long pants; shoes, socks and chemical-resistant gloves. During mixing and loading, a chemical-resistant apron and goggles or a face shield must be worn.";

e. deleting "wear rubber gloves and respirator..." in the first paragraph under hazards to Humans and Domestic Animals; and

f. revising the third paragraph under Directions for Use to read "For the suppression of potato seed piece decay caused by Fusarium and tuber-borne common scab..." or indicate the dosage rate intended for scab control.

3. Submit five copies of the final printed label before you release the product for shipment.

4. Submit Product Chemistry Data within 8 months of the issuance of this registration.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Enclosure

# **PRECAUTIONARY STATEMENTS** **HAZARD TO HUMANS** **AND DOMESTIC ANIMALS** **CAUTION**

May be harmful if swallowed or inhaled. May cause irritation of eyes, nose, throat and skin. In case of contact, flush with plenty of water; for eyes, get medical attention, wear rubber gloves and respirator when mixing this product with potato seed pieces. Do not rub eyes or mouth with hands, see first aid (practical treatment section).

## **DO NOT USE TREATED SEED FOR FEED OR FOOD PURPOSES.**

Do not allow this material to drift onto neighboring crops or non-crop areas, or use in a manner or at a time other than in accordance with label directions because animal, plant, or crop injury, illegal residues, or other undesirable results may occur.

## **ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters. Apply this product only as specified on this label. Cover or incorporate spilled treated seed pieces.

## **STORAGE AND DISPOSAL**

**PROHIBITIONS:** Do not contaminate water, food, or feed by storage or disposal. Do not store under conditions which might adversely affect the container or its ability to function properly. Such conditions include, but are not limited to, positioning of the container in storage, storage temperature, potential for crushing or damage due to stacking, and penetration of moisture.

**STORAGE:** Store in original container only. Store in cool, dry place. Reduce stacking height where local conditions, such as humidity or pallet overhang, can affect package strength. Personnel should use clothing and equipment consistent with good pesticide handling.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities by burning. If burned, stay out of smoke.

## **PERSONAL PROTECTIVE EQUIPMENT** **For Mixers, Loaders, and Applicators**

**HANDLE THIS PRODUCT ONLY WHEN WEARING THE FOLLOWING PROTECTIVE CLOTHING & EQUIPMENT.** A long sleeve shirt, long pants, or a coverall that covers all parts of the body except head, hands and feet; chemical resistant gloves, shoes, socks and goggles or a face shield. During mixing and loading a chemical resistant apron must be worn.

**IMPORTANT:** Before removing gloves wash them with

soap and water. Always wash hands, face, and arms with soap and water before eating, smoking or drinking. Wash hands and arms with soap and water before using toilet.

After work take off all clothes and shoes. Shower with soap and water. Wear only clean clothes. Do not use contaminated clothing. Wash protective clothing and protective equipment after each use. Personal clothing requiring use must be laundered separately from household linens. Clothing and protective equipment heavily contaminated or drenched with mancozeb must be destroyed according to state and local regulations. **HEAVILY CONTAMINATED OR DRENCHED CLOTHING CANNOT BE ADEQUATELY DECONTAMINATED.**

## **GENERAL INFORMATION**

Schall Potato Seed Treater is a special fungicidal dust formulation for application on whole or cut potato tubers. Use of this product will aid in controlling Fusarium seed decay and tuber-borne common scab but is ineffective against tuber and soil-borne bacterial diseases. Pesticide will not control bacterial diseases or other diseases not claimed on this label.

## **DIRECTIONS FOR USE**

It is a violation of the Federal law to use this product in a manner inconsistent with its labeling. Do not use this dust at higher than recommended rate.

If this product is used on a crop, no other product containing a different EBCD active ingredient may be used on the same crop during the same growing season.

For the suppression of potato seed piece decay caused by Fusarium decay, use 1 pound Schall Potato Seed Treater per 100 pounds of cut or whole seed pieces. Apply to the cut or whole seed pieces are thoroughly covered with dust by the use of a convenient container or dust attachment over the belt. Rotating drum dusters generally provide better coverage than shaker treaters.

Thoroughly clean and sanitize cutting machines, tubers, trays, tables, barrels, equipment, trucks and planters before cutting and planting seed pieces. If seed potatoes have sprouted, subject them to temperatures of 50° to 60° about 10 to 15 days before handling. Treat the warm seed pieces immediately after they are cut. The cut and treated seed pieces should be held for a week or more at temperature and high relative humidity; however, they should be planted immediately. This holding period promotes suberization and allows the cut surfaces to heal.

Do not use treated seed pieces for food, feed or for seed. **NOTE:** This pesticide is to be sold ONLY in this or unbroken package.

## **NOTICE — READ CAREFULLY** **LIMITED WARRANTY STATEMENT**

Schall Chemical, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for purposes stated on the label only when used in accordance with directions and instructions specified on the label. Schall Chemical, Inc. neither makes, nor authorizes any agent or representative to make any other warranty of **FITNESS** or **MERCHANTABILITY**, guarantee representation, express or implied, concerning this product. In the event of any breach by Schall Chemical, Inc. of this limited warranty, Schall Chemical, Inc. shall not be liable for consequential damages.
