REFINED COAL TAR

FREE FROM WATER

A Net Preservative; an excellent Waterproofing; an inexpensive Roof Coating; also used for coating Wood Sills, Fence Posts and all Wood or Iron Surfaces. Protects Wood against termites, powder post beetles, and carpenter ants. Wood surfaces should receive at least 2 flowing brush coats. Fence posts and other wood intended for use in contact with soil should be dipped, free of bark, dry and well seasoned. Nets should be thoroughly dipped in heated solution slowly and wrung out to remove excess preservative. Nets should then be hung in well-ventilated place and allowed to dry thoroughly. Do not thin with petroleum thinners. One gallon covers about 100 sq. ft. Apply with brush or by dipping.

Active Ingredients: Refined Coal Tar (water free) 100%

USDA Reg. No. 3486-3

CAUTION: KEEP OUT OF REACH OF CHILDREN

May cause skin irritation. Avoid prolonged or repeated contact with skin. Vapor harmful. Use in well-ventilated places and precaution should be taken to avoid prolonged breathing of vapors. Harmful or fatal if swallowed. Call a physician immediately. Keep away from open flames and electrical equipment.
