Registration Consulting Associates  
1024 Crestview Drive  
Millbrae, CA 94030

Attention: Charles C. Yeager

Gentlemen:

Subject: Copper Preservative  
EPA Registration No. 3486-5  
Label Amendment Dated March 30, 1984

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted at the next printing.

1. Add a statement such as "dip, soak or spray until wet" for directions for use on rope, canvas and fish nets.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Henry M. Jacoby  
Product Manager (21)  
Fungicide-Herbicide Branch  
Registration Division (TS-767)

Precautionary Statements  
Hazards to Humans and  
Domestic Animals

CAUTION

(18 pt)

Harmful if swallowed. Avoid contact with skin, eyes or clothing.

First Aid:

If Swallowed: Do not induce vomiting. Call physician immediately.

If in Eyes: Flush eyes with plenty of water. Get medical attention if necessary.

If on Skin: Flush skin with plenty of water.

Note: Wash contaminated clothing before reuse. It is recommended that safety goggles or face shield should be used during application.

Environmental Hazards

This product is toxic to fish. Do not apply directly to water or wetlands. Do not contaminate water by cleaning of equipment or disposal of wastes.

Physical and Chemical Hazards

Contains mineral spirits. Keep away from heat or open flames.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Storage and Disposal

(12 pt)

Do not contaminate water, food, or feed by storage or disposal.

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

Instructions for Use

Uses: A light green ready-to-use preservative for wood, rope, canvas, nets, fish holds, wooden nursery and garden accessories, picnic tables and benches, etc. Can be used on articles that may be in contact with humans, animals, and plants. For protection against dry rot, fungal decay, borers, termites, or beetles.

Back Panel (Cont)

May be applied by dipping, brushing, or rolling. Dipped items should be totally immersed for at least 5 minutes. Wood subject to severe exposure should be dipped for 36 to 42 hours. Items to be coated by brush or roller should receive at least two flowing coats of preservative. Clean tools, brushes, etc. with paint thinner.

WARRANTY: If you open this container and find that the product does not conform to the specifications on the label or in our catalog, you may return it within 20 days of purchase to American Tar Company (ATCO) at 1700 N. Northlake Way, Seattle, WA 98103, and ATCO will promptly replace it without charge. This is in lieu of all other warranties, either express, implied and/or statutory, and except for this warranty, all express, implied, and statutory warranties (including the implied warranties of merchantability and fitness for a particular purpose) are hereby disclaimed. Replacement is your only remedy and ATCO's only liability. ATCO shall not be responsible for any losses of any kind associated with the use of this product or any damages of any kind resulting from its use. (Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you). This warranty gives you specific rights, and you may also have other rights which vary from state to state.
