

FLIPO Special

ROACH and WATERBUG POWDER

Especially recommended where roaches are hard to control or when they have become resistant to other insecticides. Excellent roach control can be obtained when properly applied.

DIRECTIONS

Place the powder in all infested areas inaccessible to children and pets. Force powder into all cracks, crevices and holes in baseboard, door casings, around plumbing fixtures. Any powder visible after application is complete should be carefully brushed into cracks and crevices or else removed. Blow powder behind cabinets, refrigerators, stoves and sinks that are not accessible to children and pets.

ACTIVE INGREDIENTS

Sodium Fluoride	40.00%
Ryanodine Alkaloid	.04%
Pyrethrins	.18%
Total Active Ingredients	40.22%
