Log # 3487-26

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**READ THIS LABEL:** Read this entire label and follow all use directions and use precautions.

**IMPORTANT:** Do not expose children, pets, or other nontarget animals to rodenticides. To help prevent accidents:

1. Store product not in use in a location out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and nontarget wildlife, or in tamper-resistant bait stations. These stations must be resistant to destruction by dogs and by children under six years of age, and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are lifted, units must be secured or otherwise immobilized. Even stronger bait stations are needed in areas open to hooved livestock, raccoons, bears or other potentially destructive animals, or in areas prone to vandalism.

3. Dispose of product container and unused, spoiled and unconsumed bait as specified on this label.

**USE RESTRICTIONS:** For control of Norway RATS, Roof RATS and House MICE in and around homes, industrial buildings and similar man-made structures. Do not place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food. Do not broadcast bait. Wear protective gloves when applying bait. With detergent and hot water, wash all implements used for applying bait. Do not use these implements for mixing, holding, or transferring foods or feeds.

**SELECTION OF TREATMENT AREAS:** Determine areas where rats or mice will most likely find and consume the bait. Generally, these are along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where rodents or their signs have been seen. Protect bait from rain or snow. Remove as much alternative food as possible.

**APPLICATION DIRECTIONS:**

**RATS:** Apply 4 to 18 oz. of bait per placement. Maintain an uninterrupted supply of fresh bait for at least 10 days or until signs of rat activity cease.

**MICE:** Apply 1/4-1/2 oz. (1-2 level tablespoons) of bait at 8- to 12-foot intervals. Larger placements (up to 2 oz.) may be needed at points of extremely high mouse activity. Space placements at intervals of 6-12 feet. Maintain an uninterrupted supply of fresh bait for 10 days or until signs of mouse activity cease.

**RATS/MICE:** Replace contaminated or spoiled bait immediately. Collect and properly dispose of all dead animals and leftover bait. To prevent reinfestation, limit sources of rodent food, water, and harborage as much as possible. If reinfestation does occur, repeat treatment. Where a continuous source of infestation is present, establish permanent bait stations and replenish as needed.

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Store in original container, in a dry place inaccessible to children and pets.

**PESTICIDE DISPOSAL:** Securely wrap wastes resulting from the use of this product in several layers of newspaper and discard in trash.

**CONTAINER DISPOSAL:** Do not reuse empty container. Wrap container securely in several layers of newspaper and discard in trash.

### PRECAUTIONARY STATEMENTS

#### HAZARD TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Keep away from humans, domestic animals and pets. If swallowed, this material may reduce the clotting ability of the blood and cause bleeding.

#### NOTE TO PHYSICIAN

If ingested, administer Vitamin K1 intramuscularly or orally, as indicated in bishydroxycoumarin overdoses. Repeat as necessary based on monitoring of prothrombin times.

**IN ALL CASES OF HUMAN INGESTION IMMEDIATELY NOTIFY A PHYSICIAN.**

#### ENVIRONMENTAL HAZARDS

This product is toxic to mammals and birds. Do not apply this product directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.

### NOTICE TO BUYER AND USER

This Product is warranted to be in accordance with the chemical description contained on the label and to be reasonably fit for the purposes for which it was designed when used strictly in accordance with its directions and under normal conditions of use. Because the storage, handling, and conditions of use of this Product are of critical importance and are factors over which the Seller has no control, Seller makes no warranty, express or implied, for results arising from the misuse or improper handling and storage of this Product. Buyer assumes all risk and liability for injury to persons, crops, animals, soil or property arising out of the use, handling, or storage of this Product.

SELLER DISCLAIMS ALL OTHER WARRANTIES, EXPRESS AND IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND OF FITNESS FOR ANY PARTICULAR PURPOSE. THE EXCLUSIVE REMEDY OF BUYER AGAINST SELLER FOR BREACH OF THIS WARRANTY SHALL BE REFUND OF THE PURCHASE PRICE, AT THE OPTION OF SELLER. SELLER SHALL NOT BE LIABLE TO BUYER OR ANY USER OF THIS PRODUCT FOR SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT UNDER ANY CIRCUMSTANCES.
