CONTENTS 1 GALLON

WAY FARM PRODUCTS CO.

AUSTIN, TEXAS

- 1 6 **PECAN TREES:** To control spider mites, aphids, pecan nut case bearer and pecan phylloxera, dilute 2 pints of this concentrate in 100 gal. of water (2 teaspoonfuls 1 gal.) and apply with pressure spray. Fungicide may be mixed with this spray as needed.
- 2 4 **BEEF CATTLE:** To control lice, ticks and horn flies, dilute 1 gal. of this concentrate in 100 gallons of water (3 tablespoonfuls per gallon) and spray animals thoroughly.
- 3 2 **CAUTION:** Do not use stronger than recommended and do not use on calves less than two months old. *Do not use on Dairy Animals*
- 4 5 **ANGORA GOATS:** For lice control, dilute 1/2 to 1 gal. of this concentrate in 100 gal. of water and use sufficient nozzle pressure to penetrate hair.
- 5 1 **CAUTION:** Harmful if swallowed. Avoid prolonged breathing of spray mist and prolonged contact with skin. Wash thoroughly after using. Avoid contamination of feed or foodstuffs. Keep out of reach of children. Note to physician: Malathion, on prolonged or repeated contact may cause cholinesterase inhibition. Atropine is antidotal.
- 6 3 **WARRANTY:** Manufacturer warrants this product only insofar as the material conforms to the analysis on the label. User assumes all responsibility for the use of this product, whether used according to directions or not.
- 7 7 **ORNAMENTALS:** Use Safeway Brand Malathion to control the following insects on flowers, shade trees and shrubs (do not use on ferns, some species of Crassula and canaerti jumper). For aphids, birch leaf miner, four lined leaf bug, Japanese beetles, lace bugs, leafhopper, mealybugs, tarnished plant bugs, thrips, whitefly and European pine shoot moth, use 1 teaspoonful per gallon of water and spray foliage and plant thoroughly.
For Boxwood leaf miner, oak kermes, tent caterpillar, azalea scale, black scale crawler, jumper scale, leaf scale, magnolia scale, soft brown scale, and spider mites, use two teaspoonfuls per gallon of water and spray thoroughly.
- 8 5 **BAGWORMS:** Use 2 teaspoonfuls of this concentrate per gallon of water and wet bugs and plant thoroughly.
