

DIRECTIONS FOR USE:

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN ANY MANNER INCONSISTENT WITH ITS LABELING.

UTIKEM WINTER GRADE ALGAECIDE is a maintenance product specifically designed to prevent the growth of algae during swimming pool shut down. Add at a rate of 1 gallon for every 50,000 gallons of pool water, or 1 quart for every 12,500 gallons, before filter shut down, at end of swimming season. Allow to circulate. (This treatment is usually sufficient for the normal off-season period. In some cases an additional one or two treatments may be necessary). Treatment should be repeated as above, but with no filter agitation, approximately four to six weeks before resuming daily pool operation.

When the swimming season is over and it becomes necessary to close down your pool, a few minutes spent in winter maintenance will prevent hours of hard work when you start your pool up for the next season. In all climates the addition of UTIKEM Winterizing Products to your pool will prevent the growth of slime and keep it odor free during the off-season shut down. Where there is danger of freezing we recommend that you drain the water from your filter and chlorinator. The use of a tight fitting pool cover will help keep dirt, leaves, and debris from getting into the pool. A floating ice control equalizer should be used to help cushion freezing stress.

Careful pre-winter maintenance can insure successful "weathering" of the pool and its surroundings during the off-season shut down.

ADD UTIKEM WINTER GRADE ALGAECIDE DIRECTLY TO POOL WATER!

NEVER MIX POOL CHEMICALS TOGETHER! ALWAYS ADD THEM SEPARATELY!

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Keep out of reach of children. Corrosive. Harmful or fatal if swallowed. Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Wash thoroughly with soap and water after handling. Avoid contamination of food.

PRACTICAL TREATMENT, (FIRST AID): If swallowed, promptly drink a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately. In case of external contact, flush eyes and/or skin with plenty of water for at least 15 minutes. Get medical attention. Remove and wash contaminated clothing before reuse.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, as well as oxygen and measures to support breathing, manually or mechanically may be needed.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Permits may be required for discharging this pesticide into lakes, streams, ponds or public waters. For guidance, contact the Regional Office of the Environmental Protection Agency.

STORAGE AND DISPOSAL: Keep container closed when not in use. Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Do not reuse empty container. Rinse empty container with water and discard it in trash collection.

USEFUL POOL FACTS

ESTIMATING POOL CAPACITY:

RECTANGULAR & SQUARE POOLS: Multiply length in feet x width in feet x average depth in feet x 7.5. The result will be capacity of pool in gallons.

ROUND POOLS: Multiply diameter in feet x diameter in feet x average depth in feet x 5.9. The result will be capacity of pool in gallons.

OVAL POOLS: Multiply longest diameter in feet x shortest diameter in feet x average depth in feet x 6.7. The result will be capacity of pool in gallons.

DO NOT REUSE EMPTY CONTAINER.

Attention: Mr. H. E. Gochman

Gentlemen:

Subject: Utiken Winter Grade Algaecide
EPA Registration No. 3525-31
Your Submission Dated October 21, 1982

The label referred to above, submitted in connection with registration under FIFRA is acceptable, provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. Replace the "Environmental Hazards" paragraph with the correct "Environmental Hazards" paragraph below:

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public waters unless in accordance with a NPDES permit. For guidance, contact your Regional Office of the Environmental Protection Agency.

2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.
