225 Passaic Street
Passaic, NJ 07055

USE DIRECTIONS

Use at 2 ounces per gallon. This product will be effective against Pseudomonas aeruginosa PRD-10 at this level. This has been substantiated by the AOAC Use Dilution Confirmation Test. At this level, the product is fungicidal against pathogenic fungi.

For best results, use UTIKLEEN SANITONE with a cloth or mop and apply to walls, floors and other hard surfaces.

If used for sanitation of food equipment or food contact items, limit the level of active quaternary to 200 ppm (2.8 ounces per 5 gallons).
NO RINSE REQUIRED.

For heavy soil or organic matter, a precleaning step is recommended.

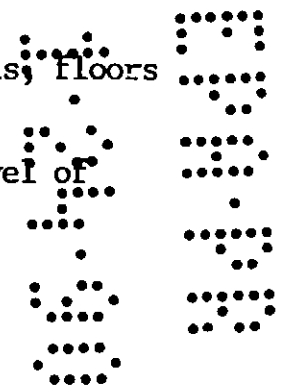

PHENOL COEFFICIENTS:

Guaranteed	Minimum
S. aureus	42
S. typhosa	27

Rinse empty container thoroughly with water and discard.

This product when used on environmental, inanimate, hard surfaces at 2 ounces per gallon of water, is effective against Influenza A2, Herpes Simplex, Adenovirus type A2, and Vaccina viruses.

Not Reviewed. Registrant claims to be in accordance with Reregistration of Pesticide Product Guidance for Phase 2 Response, Page 2.12, Active to Inert Change in Status.

UTIKLEEN SANITONE is a cleaner, disinfectant, and sanitizer designed for institutional use, such as Hospitals, Nursing Homes and Schools where housekeeping will be of prime importance in reducing the hazard of cross-infection from environmental surfaces. UTIKLEEN SANITONE can provide the assurance you need in this area, when used as directed. For use on floors, walls, sink tops, garbage pails, telephones, rest rooms, bed pans and operating rooms. Effective against Staphylococcus aureus, Salmonella choleraesius and Pseudomonas aeruginosa. Also effective against pathogenic fungi, Tricophyton interdigitale.

When used for sanitation of food processing equipment and food contact items, limit active quaternary to 200 ppm (2.8 ounces per 5 gallons). At this level, No Potable Water Rinse is required.

DANGER

Keep Out of Reach of Children. Causes severe eye and skin damage. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Call a physician.
