UTIKEM

ALGAECIDE

TABLETS

CONTROLS AND PREVENTS GREEN WATER AND ALGAL SLIME

ACTIVE INGREDIENT:

Alkyl(95%-C14, 3%-C12, 2%-C16) dimethyl
benzyl ammonium chloride.....7.5%
INERT INGREDIENTS.....92.5%
Total 100.0%

E.P.A. Reg. No. 3525-70

E.P.A. Est. No. 4829-NJ-1

KEEP OUT OF REACH OF CHILDREN
DANGER

See statement of practical treatment and additional precautions on back panel.

NET WEIGHT: 1 lb. 8 oz. (681 grams)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

UTIKEM ALGAECIDE TABLETS KEEP POOL WATER SPARKLING AND CLEAR OF VISIBLE ALGAE AND SLIME THAT CAUSES ODORS. UTIKEM ALGAECIDE TABLETS IMPROVE FILTER OPERATION AND CUT DOWN THE NEED FOR OTHER CHEMICALS.

UTIKEM ALGAECIDE TABLETS control the growth of microscopic plants called algae which thrive in warm sunlit pools. It is algae that turns the water green and produces odors that make swimming unpleasant. This condition is controlled by the addition of UTIKEM ALGAECIDE TABLETS at periodic intervals throughout the swimming season to prevent algae from growing.

START UP:

To a freshly filled, algae free pool, refer to the chart below for initial application.

POOL CAPACITY	INITIAL DOSE
8,000 gal. (18' dia. x 48" high)	13 tablets (2 lb. 1/2 oz.)
13,500 gal. (24' dia. x 48" high)	22 tablets (3 lb. 7 oz.)
All Pools	2 tablets (5 oz.) per 1200 gal.

If visible algae is present after initial application, remove dead algae and debris with pool vacuum, skimmer, etc. and repeat treatment.

REGULAR CARE:

After start up, a maintenance dose should be added every 5 to 7 days, in accordance with the chart below.

POOL CAPACITY	MAINTENANCE DOSE
8,000 gallons	4-1/2 tablets (11-1/4 oz.)
13,500 gallons	7-1/2 tablets (1 lb. 2-3/4 oz.)
All Pools	1/2 tablet (1-1/4 oz.) per 1200 gallons

During hot, sunny weather or heavy bathing loads, additional treatment may be required.

NEVER MIX POOL CHEMICALS TOGETHER! ALWAYS ADD THEM SEPARATELY!

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Keep Out of Reach of Children. Corrosive. Harmful or fatal if swallowed. Causes severe eye and skin damage. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Wash thoroughly with soap and water after handling. Avoid contamination of food.

PRACTICAL TREATMENT (FIRST AID)

If swallowed, promptly drink a large quantity of milk, egg whites or gelatin solution. Avoid alcohol. Call a physician immediately. In case of external contact, flush eyes and/or skin with plenty of water for at least 15 minutes. Get medical attention. Remove and wash contaminated clothing before reuse.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, as well as oxygen and measures to support breathing manually or mechanically may be needed.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public waters unless in accordance with an NPDES permit. For guidance, contact your regional office of the Environmental Protection Agency.

STORAGE AND DISPOSAL

Keep container closed when not in use. Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Do not reuse empty container. Rinse empty container with water and discard in trash collection.
DO NOT REUSE EMPTY CONTAINER.
