

**DIRECTIONS FOR USE:**  
IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH IT'S LABELING.

UTKEM TRICHLOR SHOCK rapidly kills unsightly Black Algae as well as other types of algae. Just add directly to the pool and algae will begin to be destroyed!

1. Adjust pH of swimming pool water to 7.4-7.6 before using UTKEM TRICHLOR SHOCK.
2. Shut off pool filter 4-6 hours before use. Allow water to become calm, with no motion. If Black Algae is present, scrub Black Algae colonies with a steel algae brush prior to application of UTKEM TRICHLOR SHOCK.
3. Add 14 oz. of UTKEM TRICHLOR SHOCK per 10,000 gallons of water. Apply treatment along walls, at edge of pool, and over surface of water.
4. After 6-8 hours, turn on filter and vacuum or scrub dead algae from pool bottom or walls. Dead algae colonies may be removed from pool walls or pool bottom with steel algae brush. If live algae remains, repeat treatment.
5. Before using pool, check the chlorine residual. If chlorine residual is above 2.0 ppm, do not use pool until chlorine residual drops to below 2.0 ppm as determined by suitable test kit.

DO NOT USE UTKEM TRICHLOR SHOCK IN PAINTED, VINYL LINED, FIBERGLASS OR COLORED PLASTER POOLS. USE UTKEM SUPER SHOCK FOR THESE POOLS.

# Utikem<sup>®</sup> trichlor shock

FOR USE IN WHITE PLASTER AND CONCRETE POOLS

- COMPLETELY SOLUBLE
- DESTROYS ALL TYPES OF ALGAE
- KILLS BLACK ALGAE

Active Ingredient  
Trichloro-s-triazinetrione\* ..... 99%  
Inert Ingredients: ..... 1%

100%

\* Available Chlorine 90%

PRECAUTIONARY STATEMENTS  
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS

**DANGER:** Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Protect eyes, skin and face when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS:**  
This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters.

**PHYSICAL AND CHEMICAL HAZARDS:  
STRONG OXIDIZING AGENT:**  
Strong Oxidizing Agent. Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reuse. If possible isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

**STORAGE AND DISPOSAL:**  
Keep product dry in tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition isolate container in open area if possible, and flood with large amounts of water. Rinse empty container thoroughly with water to dissolve all material before discarding. Wrap container and put in trash collection.

**PRACTICAL TREATMENT (FIRST AID):**  
If swallowed, feed bread soaked in milk, followed by olive oil. Call physician immediately. If on skin, brush off excess chemical and flush with water for at least 15 minutes. Get medical attention if in eyes. Flush with cold water for at least 15 minutes. Get medical attention.

DO NOT REUSE EMPTY CONTAINER
