Subject: Utikem Trichlor Shock Treatment  
 EPA Registration Number 3525-75  
 Application Date: 10/16/01  
 Receipt Date: 02/08/02

Dear Ms. Schaub:

The following amendment submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

- to revise the "first aid" as per PR Notice 2001-1.

**Conditions**

Revise the label as follows:

1. The percentage of available chlorine is 92%.
2. The correct name for this product is "Utikem Trichlor Shock Treatment" and not "Pool-Trol Trichlor Shock". If you wish to change the name of your product, you must submit to the Agency an amendment requesting a product name change.

**General Comments**

A stamped copy of the accepted labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

# TRICHLOR SHOCK

**SUPERCHLORINATOR FOR GUNITE OR CONCRETE POOLS**

- DESTROYS ALL TYPES OF ALGAE INCLUDING BLACK ALGAE
- COMPLETELY SOLUBLE

**ACTIVE INGREDIENT:**  
 Trichloro-s-triazinetriene ..... 99.0%

**OTHER INGREDIENTS**..... 1.0%

**TOTAL** 100.0%

Available Chlorine..... 89.0%

**KEEP OUT OF REACH OF CHILDREN  
 DANGER**

**FIRST AID STATEMENT**

|                                |  |
|--------------------------------|--|
| <b>IF SWALLOWED:</b>           | Call a poison control or doctor immediately for treatment advice. Have person sip glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. |
| <b>IF IN EYES:</b>             | Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.                                  |
| <b>IF ON SKIN OR CLOTHING:</b> | Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.  |
| <b>IF INHALED:</b>             | Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.                                  |
| <b>HOT LINE NUMBER:</b>        | Have the product container or label with you when calling the poison control center or doctor, or going for treatment. You may also contact 973-473-1222 for further questions.  |
| <b>NOTE TO PHYSICIAN:</b>      | Possible mucosal damage; may contraindicate the use of gastric lavage.   |

**MADE ESPECIALLY FOR POOL SPECIALISTS**

Net Weight: 2 lbs. (32 oz.) (907.2 grams)

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Reentry into treated swimming pools/spas is prohibited above levels of 3.0 ppm. Trichlor Shock rapidly kills unsightly black algae as well as other types of algae. Just add directly to the pool and algae will begin to be destroyed.

**REGULAR CARE:**

1. Adjust pH of swimming pool water to 7.2 to 7.6 before using Trichlor Shock.
2. Shut off pool filter 4-6 hours before use. Allow water to become calm, with no motion. If black algae is present, scrub black algae colonies with a steel algae brush prior to application of Trichlor Shock.
3. Add 14 oz. of Trichlor Shock per 10,000 gallons of pool water. Apply treatment along walls, at edge of pool, and over surface of water.
4. After 6-8 hours, turn on filter and vacuum or scrub dead algae from pool bottom or walls. Dead algae colonies may be removed from pool walls or pool bottom with steel algae brush. If live algae remains, repeat treatment.
5. Before using pool, check the chlorine residual. If chlorine residual is above 2.0 ppm, do not use pool until chlorine residual drops to below 2.0 ppm as determined by a PoolChem Test Kit.

**DO NOT USE TRICHLOR SHOCK IN PAINTED, VINYL LINED, FIBERGLASS OR COLORED PLASTER POOLS. USE ISO SHOCK OR INSTANT SHOCK FOR THESE POOLS. NEVER MIX POOL CHEMICALS TOGETHER! ALWAYS ADD THEM SEPARATELY!**

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**DANGER: Keep Out Of Reach Of Children. CORROSIVE.** Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before, eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

**PHYSICAL AND CHEMICAL HAZARDS**

**STRONG OXIDIZING AGENT.** Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. Isolate container, if possible, in open air or well ventilated area. Flood with large volumes of water to dissolve all material before discarding container.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and other aquatic organism. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**STORAGE AND DISPOSAL**

Keep product dry in tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat and open flame. In case of decomposition, do not reseal container. Isolate container, if possible, in open air or well ventilated area. Flood with large volumes of water to dissolve all material before discarding this container. Do not reuse empty container, but place in trash collection. Do not contaminate food or feed by storage, disposal or cleaning of equipment. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinseate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest E.P.A. Regional Office for guidance.
