FILE COPY

Subject: **CLOR-KARE Chlorinating Tablets**
EPA Registration Number: 3525-89
Application Dated: October 14, 2008
Receipt Date: October 20, 2008

Dear Ms. Schaub:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable.

Proposed Amendment

- Updated label per PR Notice 2007-4.

General Comment

A stamped copy of the labeling accepted is enclosed. Submit one copy of your final printed labeling before distributing or selling bearing the revised labeling.

Should you have any questions concerning this letter, please contact Wanda Henson at (703) 308-6345.

Sincerely,

for Wanda Henson

CLOREXAL

Chlorinating Tablets

FOR USE AS AN ALGAEICIDE & BACTERICIDE

ACTIVE INGREDIENT:

Calcium Hypochlorite.....50.0%

OTHER INGREDIENTS.....50.0%

TOTAL.....100.0%

Available Chlorine.....50.0%

Net Weight: 25 lbs. (11.34 kg)

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

HOT LINE NUMBER: Have the product container or label with you when calling the poison control center or doctor, or going for treatment. You may also contact 973-473-1222 for further questions.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

W/N

Clor Kare Chlorinating Tablets are a concentrated chlorinating agent in a dry, easy-to-use form. Clor Kare Chlorinating Tablets controls the growth of algae and effectively kills many bacteria, thereby helping to keep the pool in sanitary condition. Use only a clean, dry scoop to handle Clor Kare Chlorinating Tablets. Four tablets weigh approximately 1 ounce.

READ PRECAUTIONARY STATEMENTS BEFORE USE!

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Reentry into treated swimming pools is prohibited above 4 ppm of chlorine.

INITIAL CHLORINATION: For new pools, spring start-up or superchlorination, add 8 Clor Kare Chlorinating Tablets per 1,000 gallons of pool water to yield 5 to 10 ppm (parts per million) available chlorine. After 2 hours, check the chlorine residual using a pool water test kit. If below 1.0 ppm, repeat dosage until 1-3 ppm is obtained. For best results, use a floating dispenser or add tablets to a surface skimmer. Do not enter pool until the chlorine residual is between 1.0 to 3.0 ppm.

ROUTINE CHLORINATION: Add 10 Clor Kare Chlorinating Tablets per 10,000 gallons of pool water through a floating dispenser or top water skimmer to yield an available chlorine residual of 0.6 to 1.0 ppm by weight. Stabilized pools should maintain a chlorine residual of 1.0 to 1.5 ppm. Using a pool water test kit as a guide, maintain the pH of the pool water at 7.2 to 7.6. If the pH is below 7.2, add pH Plus in accordance with label directions. If the pH is above 7.6, add pH Minus following label directions. The frequency of water treatment will depend on temperature, bather load and amount of water flow.

SUPERCHLORINATION: Once a week, or if algae is present, superchlorinate the pool water by adding 8 Clor Kare Chlorinating Tablets per 1,000 gallons of pool water. Thoroughly clean pool by scrubbing surface of algae growth. Then vacuum and cycle through filter. Do not enter pool until the chlorine residual returns to 1-3 ppm.

WINTERIZING: While water is still clean and clear, add 3 Clor Kare Chlorinating Tablets per 1,000 gallons of pool water, while filter is running. Cover and close pool in accordance with manufacturer's instructions.

HOW TO DETERMINE POOL CAPACITY (IN U.S. GALLONS)

RECTANGULAR OR SQUARE POOLS: Multiply length x width x average depth* x 7.5 = Gallons

CIRCULAR POOLS: Multiply diameter x diameter x average depth* x 5.9 = Gallons

OVAL POOLS: Multiply length x width x average depth* x 6.6 = Gallons

*All dimensions are calculated in feet

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or safety glasses, and rubber gloves when handling this product. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS

STRONG OXIDIZING AGENT. Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals will start a chemical reaction and generate heat, chlorine gas, and possible fire and explosion. In case of contamination or decomposition, do not reseal container. Isolate container, if possible, in open air or well ventilated area. Flood with large volumes of water, if necessary.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and other aquatic organism. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

DON NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL. STORAGE: Keep product dry in tightly closed container when not in use. Store in a cool, dry well ventilated area away from heat and open flame. **NON-REFILLABLE CONTAINER. IF EMPTY:** Do not reuse or refill this container. Place in trash or offer for recycling, if available. **IF PARTLY FILLED:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
