Cal Jet Algaecide Liquid

Dear Ms. Noble:

We are in receipt of your letter dated October 29, 2009. I have updated the label to include the new storage & disposal per PR Notice 2007-4. I believe we have done the update correctly since this product is used by homeowners who own a swimming pool.

The proposed storage and disposal statement you provided, I think is for industrial use and the homeowner is not going to be able to comply with the statement you provided.

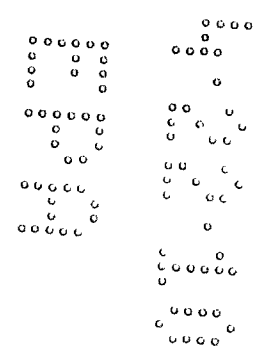

We believe the storage and disposal statement supplied is in compliance.

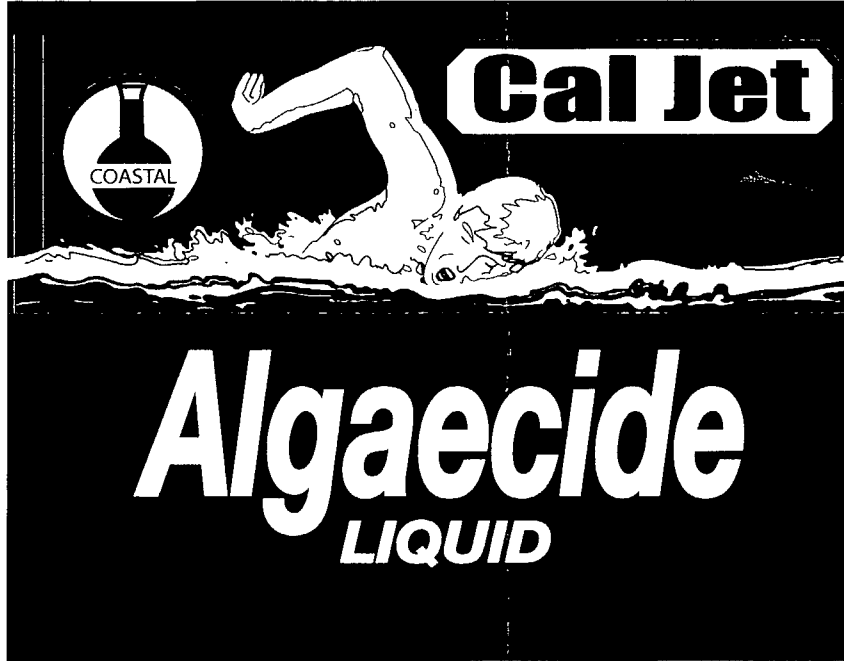

If you have any questions or need additional information, please let me know.

Sincerely,

Debbie Schaub

KEEP OUT OF REACH OF CHILDREN
DANGER
FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice. HOT LINE NUMBER: Have the product container with you when calling the poison control center or doctor, or going for treatment. You may also contact 973-473-1222 for further questions. NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric

Net Contents: 1 qt. (32 fl. oz.) (946 ml)

CHEMICAL PROPERTIES

Cal Jet Algaecide is an outstanding algae growth depressant in all types and sizes of pools. Helps eliminate and prevent odors from confined water. Cal Jet Algaecide is fully compatible with alkalizing and flocculating agents normally used in swimming pools and is relatively non-corrosive to rubber and metals. It may be used with all types of equipment. Works most effectively at pH levels over 7.0. Highly concentrated.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Algae and algal slime may be effectively controlled with an initial dose of 1 gallon of Cal Jet Algaecide per 30,000 gallons of water (i.e. an initial dose of 1 quart per 7,500 gallons). Before adding this product, ensure that all pool equipment is working properly. Backwash the filter system according to the manufacturer's directions. Adjust the pH to between 7.2 and 7.6. Adjust the chlorine residual to 1-3 ppm. Visible algae growth will require vacuuming to remove algae debris. If visible algae is still present or reappears, repeat initial dose. For subsequent treatments, use 1 quart of Cal Jet Algaecide for each 30,000 gallons every 4 days. In hot, sunny weather, or with heavy bather load, this dosage should be used every 2 days.

Cal Jet Algaecide should be added to the pool at various points or added through the filter. Each time the pool is drained and refilled, repeat initial dose. If makeup water has been added to the pool, add 1 quart of Cal Jet Algaecide for each 7,500 gallons of makeup water. See Use Chart to determine the dosage needed to correctly treat pool water.

To sanitize (non-food contact surfaces) walls, runways, locker rooms and other areas surrounding pool, apply with a clean mop or sponge, a solution made with 2 oz. of Cal Jet Algaecide in 2-1/2 gallons of water for a minimum contact time of 2 minutes.

CAL JET ALGAECIDE USE CHART

For 1 quart containers, use the following chart:

POOL SIZE	POOL GALLONAGE	INITIAL DOSE	AMOUNT EVERY 4 DAYS
15' dia. x 48" depth	5,300 gal.	22-1/2 fl. oz.	5-3/4 fl. oz.

After this product is added to pool water, wait approximately 1/2 hour before using pool. NEVER MIX POOL CHEMICALS TOGETHER! ALWAYS ADD THEM SEPARATELY!

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed. Harmful if inhaled or absorbed through the skin. Do not get in eyes, on skin or on clothing. Wear goggles, rubber gloves, and protective clothing when handling. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and other aquatic organism.

STORAGE AND DISPOSAL

Do not contaminate water, food or feedby storage or disposal. STORAGE: Keep product dry in tightly closed, original container when not in use. Store in a cool, dry and well-ventilated area away from heat and open flame, and in a locked storage area inaccessible to children. NONREFILLABLE CONTAINER. IF EMPTY: Do not reuse or refill this container. Clean container promptly after emptying. Wrap container and put in trash or offer for recycling, if available. IF PARTLY FILLED: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
