Subject: Tarry Stabilized Chlorinating Big Tabs  
EPA Registration No. 3525-108  
Application Date: September 18, 2009  
Receipt Date: September 28, 2009

Dear Ms. Schaub:

This acknowledges receipt of your notification, submitted under the provision of PR Notice 98-10, FIFRA section 3(c)9.

**Proposed Notification**

- Revision of Storage and Disposal Statement per PR Notice 2007-4

**General Comments**

Based on a review of the material submitted, the following comments apply:

The notification application is acceptable and a copy has been inserted in your file for future reference.

Should you have any questions or comments concerning this letter, please contact me at (703) 308-6345.

Sincerely,

Wanda Y. Henson  
Product Reviewer (32)

Once-A-Week Tarry 7-Day Stabilized Chlorinating Big Tabs

Dear Ms. Mitchell:

This notification is consistent with the provisions of PR Notice 2007-4 and EPA regulations at 40CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 2007-4 and 40-CFR 152.46, this product may be in violation of FIFRA, and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Sincerely,

Debbie Schaub

# Chlorinating Big Tabs

**WIDE-DISINFECTANT-SUN PROTECTED**

**KEEP OUT OF REACH OF CHILDREN**

**DANGER**

**FIRST AID**

Call a poison control center or doctor immediately for treatment advice. Have person sip glass of water if able to swallow. Do not induce vomiting by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF IN EYES: Hold eye open and rinse slowly and gently for 15-20 minutes; Remove contact lenses, if present after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. HOT LINE NUMBER: Have the product container or label with you when you call a poison control center or doctor, or going for treatment. You may also contact 973-473-1222 for further questions. NOTE TO PHYSICIAN: Probably contraindicatè the use of gastric lavage.

**CHEMICAL PROPERTIES**

Contains 89% Available Chlorine / Soluble in all Pool Water  
No Alkali Build-up / Slow Dissolving  
Long-Lasting Chlorine Residual  
For use in Automatic or Floating Dispensers

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Reentry into treated swimming pools/spas is prohibited above levels of 3.0 ppm.

Tarry 7-Day Stabilized Chlorinating Big Tabs are to be used as a disinfectant and algae control in pool water. They are long-lasting and are intended to slowly meter chlorine into pool water. Tarry 7-Day Stabilized Chlorinating Big Tabs are intended for use in a tablet dispenser, in-line chlorinator, in-line feeder or other similar dispenser. In order to receive its maximum effect, use as follows:

1. Superchlorinate the pool water with fast acting Coastal Blast or other chlorinating product, following label directions for that product. Do not enter pool until the chlorine residual drops to 2.0 ppm (parts per million).
2. Using Coastal Chlorine Stabilizer & Conditioner, adjust the cyanuric acid level in pool water to 35 ppm, following label directions.
3. Adjust the pH to the ideal range of 7.2 to 7.6 using Coastal pH Plus if the pH is below 7.2 or pH Minus if the pH is above 7.6.
4. Suggested dosage is one (1) Tarry 7-Day Chlorinating Big Tabs per 7,500 gallons of pool water per week. Add tablets to a floating dispenser, in-line feeder or similar as needed as determined by a chlorine test kit to maintain a 1.0 to 1.5 ppm (parts per million) residual chlorine. Check water for chlorine content at regular intervals. This dosage may vary due to unusual conditions, such as heavy bather loads, heavy rains or high temperatures. During these conditions, water should be checked every 2 hours. Maintain a pH level of 7.2 to 7.6 for best results.

One (1) Tarry 7-Day Stabilized Chlorinating Big Tabs weighs approximately 5-1/3 oz. (151 grams) and WILL LAST APPROXIMATELY ONE WEEK DEPENDING ON TEMPERATURE, BATHER LOAD AND AMOUNT OF WATER FLOW. Tablets should never be thrown directly into pool as they may cause spotting or bleaching. Not recommended for splasher or wader pools.

**P**  
HAZARDOUS  
**DANGER:** Keep Out of Reach of Children. Causes severe eye damage and severe skin irritation. May be fatal if inhaled. Do not get in eyes, on face, or in throat. Harmful if swallowed. Avoid breathing dust, fumes, mists, or vapors. Use goggles or face shield. Wash thoroughly after handling. Wash thoroughly before eating; drinking or using cosmetics.

**PI**  
**STRONG OXIDIZING:** Do not mix with other products. Do not add this product to other products. Such a mixture may start a chemical reaction, produce toxic gases, and possibly cause explosion or decomposition. Do not use in open air or well ventilated areas. Discard all material before disposal.

This pesticide is toxic to fish and aquatic life. Do not apply to effluent containing this product or other waters unless authorized by the local authority. The local authority has been notified. Do not apply to effluent containing this product unless authorized by the local sewage treatment plant, Water Board or Regional Board.

**STORAGE:** Keep product in a cool, dry, well-ventilated area. Do not store in a **REFILLABLE CONTAINER**. Place in trash or offer for recycling if **IF PARTLY FILLED:** Containers should be disposed of according to disposal instructions on label. Do not dump into outdoor drain.

QUALCO, INC.

**CHEMICAL PROPERTIES**

50% Available Chlorine / Soluble in all Pool Water  
No Alkali Build-up / Slow Dissolving  
Long-Lasting Chlorine Residual  
Use in Automatic or Floating Dispensers

**DIRECTIONS FOR USE**

General law to use this product in a manner inconsistent with  
swimming pools/spas is prohibited above levels of 3.0

Stabilized Chlorinating Big Tabs are to be used as a disinfectant  
in pool water. They are long-lasting and are intended to be  
added into pool water. Tarry 7-Day Stabilized Chlorinating Big  
Tabs may be used in a tablet dispenser, in-line chlorinator, in-line  
or floating dispenser. In order to receive its maximum effect, use

in pool water with fast acting Coastal Blast or other chlori-  
nating label directions for that product. Do not enter pool  
water with residual drops to 2.0 ppm (parts per million).

When used with Chlorine Stabilizer & Conditioner, adjust the cyanuric acid  
level to 35 ppm, following label directions.

The ideal range of pH is 7.2 to 7.6 using Coastal pH Plus if the  
pH is below 7.2. Subtract if the pH is above 7.6.

The dosage is one (1) Tarry 7-Day Chlorinating Big Tabs per 7,500  
gallons of water per week. Add tablets to a floating dispenser, in-line  
dispenser as determined by a chlorine test kit to maintain a  
residual (1.0 to 2.0 ppm) residual chlorine. Check water for chlorine  
residuals. This dosage may vary due to unusual conditions,  
bather loads, heavy rains or high temperatures. During these  
conditions, the residual should be checked every 2 hours. Maintain a pH level of 7.2

Stabilized Chlorinating Big Tabs weighs approximately  
(1.5 lbs) and WILL LAST APPROXIMATELY ONE WEEK.  
TEMPERATURE, BATHER LOAD AND AMOUNT OF  
CHLORINE SHOULD NEVER BE THROWN DIRECTLY INTO POOL AS THEY MAY  
BURN. Not recommended for splasher or wader pools.

**PRECAUTIONARY STATEMENTS**

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**DANGER:** Keep Out Of Reach Of Children. **CORROSIVE.** Causes irrevers-  
ible eye damage and skin burns. May be fatal if absorbed through skin. May  
be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and  
throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear  
goggles or face shield, protective clothing and rubber gloves when handling  
this product. Wash thoroughly with soap and water after handling and before  
eating, drinking or using tobacco. Remove contaminated clothing and wash  
before reuse.

**PHYSICAL AND CHEMICAL HAZARDS**

**STRONG OXIDIZING AGENT.** Mix only with water. Use clean, dry utensils. Do  
not add this product to any dispensing device containing remnants of any  
other product. Such use may cause a violent reaction leading to fire or explo-  
sion. Contamination with moisture, organic matter, or other chemicals may  
start a chemical reaction with generation of heat, liberation of hazardous  
gases, and possible generation of fire and explosion. In case of contamination  
or decomposition, do not reseal container. Isolate container, if possible, in  
open air or well ventilated area. Flood with large volumes of water to dissolve  
all material before discarding container.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and other aquatic organism. Do not discharge  
effluent containing this product into lakes, streams, ponds, estuaries, oceans  
or other waters unless in accordance with the requirements of a National  
Pollutant Discharge Elimination System (NPDES) permit and the permitting  
authority has been notified in writing prior to discharge. Do not discharge  
effluent containing this product to sewer systems without previously notifying  
the local sewage treatment plant authority. For guidance, contact your State  
Water Board or Regional Office of the EPA.

**STORAGE AND DISPOSAL**

**STORAGE:** Keep product dry in tightly closed container when not in use.  
Store in a cool, dry, well ventilated area away from heat and open flame. **NON-  
REFILLABLE CONTAINER. IF EMPTY:** Do not reuse or refill this container.  
Place in trash or offer for recycling, if available.

**IF PARTLY FILLED:** Call your local solid waste agency or 1-800-CLEANUP  
for disposal instructions. Never place unused product down any indoor or  
outdoor drain.
