Pool-Trol

ISO CLOR II FAST DISSOLVING

CHLORINATING TABLETS

bactericide algaecide disinfectant

ACCEPTED
APR 2nd 2002
Under the Federal Insecticide, Fungicide, and
Rodenticide, Act as amended, for the
pesticide, registered under
EPA Reg. No. 3525-112

4-2-2002

ACTIVE INGREDIENT:
Sodium Dichloro-s-triazinetrione
Dihydrate99.0%
OTHER INGREDIENTS1.0%
TOTAL100.0%
Available Chlorine.....56.0%

KEEP OUT OF REACH OF CHILDREN DANGER	
FIRST AID STATEMENT	
IF SWALLOWED:	Call a poison control or doctor immediately for treatment advice. Have person sip glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF IN EYES:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
HOT LINE NUMBER:	Have the product container or label with you when calling the poison control center or doctor, or going for treatment. You may also contact 973-473-1222 for further questions.
NOTE TO PHYSICIAN:	Probable mucosal damage may contraindicate the use of gastric lavage.

MADE ESPECIALLY FOR POOL SPECIALISTS

Net Weight: 25 lbs. (11.34 kg)

1/2

CHEMICAL PROPERTIES

Contains 56% Available Chlorine
Easily Soluble In All Pool Water / No Cloudy Buildup
Long Lasting Chlorine Residual
Keeps Water Sparkling Clear

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Reentry into treated swimming pools/spas is prohibited above levels of 3.0 ppm.

Iso Clor II Fast Dissolving Chlorinating Tablets are to be used as a disinfectant and algae control in pool water. In order to receive its maximum effect, use as follows:

1. Superchlorinate the pool water by adding one Iso Clor II Fast Dissolving Chlorinating Tablet per 500 gallons of water. Do not enter the pool until the chlorine residual drops to 2.0 ppm (parts per million). One Iso Clor II Fast Dissolving Chlorinating Tablet weighs approximately 1 oz. (28 grams).
2. Using Chlorine Stabilizer, adjust the cyanuric acid level in pool water to 35 ppm, following label directions.
3. Adjust the pH to the ideal range of 7.2 to 7.6 with pH Plus if the pH is below 7.2, or pH Minus if the pH is above 7.6.
4. Suggested daily dosage is one Iso Clor II Fast Dissolving Chlorinating Tablet per 2,500 gallons of pool water, or as needed as determined by a test kit to maintain a 1.0 to 1.5 ppm (parts per million) residual chlorine.

Check water for chlorine content at regular intervals. During extreme heat, after heavy rains, or with heavy bather loads, water should be checked every two hours. Maintain a pH level of 7.2 to 7.6 for best results.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Keep Out Of Reach Of Children. **CORROSIVE.** Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust, vapor or spray mist. Wear goggles, face shield or safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

PHYSICAL AND CHEMICAL HAZARDS

STRONG OXIDIZING AGENT. Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. Isolate container, if possible, in open air or well ventilated area. Flood with large volumes of water to dissolve all material before discarding container.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and other aquatic organism. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Keep product dry in tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat and open flame. In case of decomposition, do not reseal container. Isolate container, if possible, in open air or well ventilated area. Flood with large volumes of water to dissolve all material before discarding this container. Do not reuse empty container, but place in trash collection. Do not contaminate food or feed by storage, disposal or cleaning of equipment. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest E.P.A. Regional Office for guidance.
