 AND TOXIC SUBSTANCES

 Ms. Debbie Schaub
 Qualco, Inc.
 225 Passaic Street
 Passaic, NJ 07055

 Subject: Coastal Non-Foaming Algaecide for Spas and Hot Tubs
 EPA Registration Number: 3525-114
 Notification Date: February 13, 2010
 Receipt Date: February 16, 2009

Dear Ms. Schaub:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide (FIFRA), as amended, is acceptable.

Proposed Amendment:

Update label per Agency Letter dated January 12, 2010

General Comments:

A copy of the stamped accepted label is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have further questions concerning this letter, please contact me by telephone at (703) 308-6416 or by e-mail at Campbell-mcfarlane.jacqueline@epa.gov or Killian Swift by telephone at (703) 308-6346 or by email at swift.killian@epa.gov. When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

 Jacqueline McFarlane
 (Acting) Product Manager 34
 Regulatory Management Branch II
 Antimicrobials Division (7510P)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Non-Foaming Algaecide for Spas 'N Hot Tubs is used to control the growth of algae in exterior hot tubs and spas. BEFORE YOU BEGIN: Make sure hot tub equipment is working properly including pump, filter, and heater. Allow filter to run for at least an hour after adding this product. Check water pH (acidity/alkalinity balance) with a test kit. Desired range is between 7.2-7.6. If necessary, adjust pH by adding pH Minus or pH Plus to raise pH. Add this product directly into hot tub/spa by pouring around its perimeter.

INITIAL APPLICATION: For maximum effectiveness, hot tubs/spa with heavy algae growth must be pre-cleaned before using this product. VISIBLE ALGAE: Vacuum algae debris. Add 2½ oz. to 3¼ fl. oz. of this product per 250 gallons of water around perimeter of hot tub/spa. Remove dead algae after 24 hours. If algae is still visible, repeat dosage until hot tub/spa is free of algae. Once algae is under control, clean filter and return to normal operation.

NO VISIBLE ALGAE (Freshly Cleaned and Filled Spa or Hot Tub): Add 1¼ to 2¼ fl. oz. of this product per 250 gallons of water around the perimeter of hot tub/spa.

MAINTENANCE APPLICATION: Add ½ to 1¼ fl. oz. of this product per 250 gallons of water every 5 to 7 days. Add this product directly to hot tub by pouring around its perimeter. Add more frequently if there is prolonged rainfall or heavy bathing load.

Do not allow bathers into hot tub/spa for at least 15 minutes after this product has been applied.

Non-Foaming Algaecide for Spas 'N Hot Tubs is compatible with those chemicals normally used to treat spas and hot tubs and is effective at both acid and alkaline pH. Non-Foaming Algaecide can be used in spas and hot tubs treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix Non-Foaming Algaecide with concentrated dry or liquid chlorine products.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling.

FIRST AID

IF SWALLOWED:	Call a poison control center or doctor immediately for treatment advice. Have person sip glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF IN EYES:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
HOT LINE NUMBER:	Have the product container or label with you when calling the poison control center or doctor, or going for treatment. You may also contact 973-473-1222 for further questions.
NOTE TO PHYSICIAN:	Probable mucosal damage may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and other aquatic organism.

STORAGE AND DISPOSAL

STORAGE: Keep product dry in tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat and open flame.

NON-REFILLABLE CONTAINER. IF EMPTY: Do not reuse or refill this container. Place in trash or offer for recycling, if available. IF PARTLY FILLED:

Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
