Subject: Amended Reregistration Label
Product Name: Algon 60 Algaecide
EPA Registration Number: 3525-117
Decision Number: 455658

Dear Schaub:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Busan 77 RED, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

NOTE: This product is **not** yet being reregistered under section 4(g) of FIFRA at this time.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated March 3, 2014
- Alternate CSF 1, dated March 3, 2014

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment or the next printing of the label, whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

ALGON 60

ALGAECIDE

{Concentrated Algaecide for Use in Swimming Pools}

{Non-Foaming}

{Controls Green, Black and Mustard Algae}

{Kills Black, Green and Mustard Algae}

ACTIVE INGREDIENTS:

Poly(oxyethylene [dimethyliminio] ethylene
[dimethyliminio] ethylene dichloride.....60.0%
OTHER INGREDIENTS.....40.0%
TOTAL 100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. HOT LINE NUMBER: Have the product container with you when calling the poison control center or doctor, or going for treatment. You may also contact 973-473-1222 for further questions.

{Made Especially For The Pool Specialist}

Net Contents: 1 qt. (32 fl. Oz.) (946 ml)

This product controls algae growth in swimming pool water without causing foaming. This product is effective at both high and low pH levels. This product is compatible with chlorinating products and other chemicals used to treat swimming pools and may reduce the amount of those chemicals normally required. However, DO NOT mix this product with concentrated dry or liquid chlorinating products.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is used to control the growth of many algae types, including green, black and mustard algae. For treatment of a freshly cleaned and filled pool, add an initial dose of 6 to 12 fl. oz. this product per 10,000 gallons of water. For maximum effectiveness, heavy growth of algae must be cleaned prior to use of this product. Pools containing just visible algae growth must receive an initial dose of 12 to 18 fl. oz. of this product per 10,000 gallons of water. After 24 hours, vacuum pool to remove algae debris. On a regular basis, (every 5 to 7 days), use a maintenance dose of 2 to 4 fl. oz. of this product per 10,000 gallons of water. During, hot sunny weather, more frequent additions may be necessary. This product will prevent the growth of most algae during the off season, when the pool is not in use. For pools which have been properly treated during the swimming season, and are free of visible algae, add 6 to 10 fl. oz. of this product per 10,000 gallons of water. If at the end of the season, the pool has some visible algae growth, add 12 to 18 fl. oz. of this product per 10,000 gallons of water. For best results, circulate the pool water, prior to covering the pool for the winter.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, aquatic invertebrates, and clams.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. STORAGE: Keep product dry in tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat and open flame. NONREFILLABLE CONTAINER. IF EMPTY: Do not reuse or refill this container. Place in trash or offer for recycling, if available. IF PARTLY FILLED: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
