TARRY LONG-LASTING CHLORINATING 7 02. STICKS

KEEP OUT OF REACH OF CHILDREN DANGER

- 1	FIRST AID STATEMENT	
- 1		Call a polson control or doctor immediately for treatment advice. Have person sig glass of water it able to swallow. Do not induce vomiting
		unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person
- 1	IF IN EYES:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Flamove contact lenses, if present, after the first 5 minutes, then
		l constalle distriction. Alternative allegations are accessed as a second and a second access in the constant ac

IF ON SKIN OR
CLOTHING:

Take off contaminated clothing. Pines skin immediately with plenty of water for 15-20 minutes. Cull a poison control center or doctor for CLOTHING:

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

HOT LINE NUMBER: Heve the product container or lebel with you when celling the polson control center or doctor, or going for treatment. You may also contact 973-473-1222 for further questions

NOTE TO PHYSICIAN: Probable mucoset damage may contraindicate the use of gestric lavage.

ACTIVE ANGREDIENT:
Trichiord s friagrinations 99.3%
OTHER ANGREDIENTS 0.7%
TOTAL 100.0%
Available Chlorine 99.0%

Net Weight: 4 lbs. (1.81 kg)

PHYSICAL AND CHEMICAL HAZARDS

STRONG OXIDIZING AGENT. Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moleture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseat container. Isolate container, if possible, in open air or well ventilated area. Flood with large volumes of water to dissolve all material before discarding container.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and other aquatic organism. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Keep product dry in tightly closed container when not in use. Store in a cool, dry, well vertilated area away from heat and open flame. In case of decomposition, do not secual container, isolate container, if possible, in open air or well ventilated area. Flood with large volumes of water to dissolve all material before discarding this container. Oc not reuse empty container, but place in trash collection. Do not containinate food or feed by storage, disposal or cleaning of equipment. Pesticide wastes are scutely hazardous. Improper disposal of excess posticide, spray mixture or rineate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest E.P.A. Regional Office for guidance.

EPA Red No 3525-119

Made & Printed in U.S.A.

E P.A. Est. No. 3525-NJ-1 S42522A

42522 Manufactured by:

> QUALCO, INC. 225 Passaic Street Passaic, NJ 07055

CHEMICAL PROPERTIES Contains 89% Available Chlorine / Soluble in all Pool Water

No Alkali Bulld-up / Long-Lasting Chlorine Residual Slow Dissolving / For use in Automatic or Floating Dispensers

DIRECTIONS FOR USE It is a violation of Federal law to use this product in a manner inconsistent with its

Reentry into treated swimming pools/spas is prohibited above levels of 3.0 ppm. Coastal Tarry Long-Lasting Chlorinating 7 oz. Stick are to be used as a disinfectant and algae control in pool water. They are long-lasting and are intended to slowly meter chlorine into pool water. Tarry Long-Lasting Chlorinating 7 oz. Stick are intended for use in a tablet dispenser, in-line chlorinator, in-line feeder or other almilar dispenser. In order to receive its maximum effect, use as follows

1. Superchlorinate the pool water with fast acting Coastal One Shot Blast Shock Treatment or other chlorinating product, following label directions for that product. Do not enter pool until the chlorine residual drops to 2.0 ppm (parts per million). 2. Using Coastal Chlorine Stabilizer, adjust the cyanuric acid level in pool water to

35 ppm, following label directions.

3. Adjust the pH to the ideal range of 7.2 to 7.6 with Coastal pH Plus if the pH is below 7.2 or pH Minus II the pH is above 7.6.

 Suggested desage is one Coastal Long-Lasting Chlorinating 7 oz. Stick per 10,000 gallons of pool water per week. Add tablets to a floating dispenser, in-line feeder or similar as needed as determined by a chlorine test kit to maintain a 1.0 to 1.5 ppm (parts per million) residual chloriné. Check water for chlorine content at regular intervals. This dosage may vary due to unusual conditions, such as heavy bather loads, heavy rains or high temperatures. During these conditions, water should be checked every 2 hours. Maintain a pH level of 7.2 to 7.6 for best results. One (1) Coastal Long-Lasting Chlorinaling 7 oz. Stick weighs approximately 7 oz. (198 grams) and WILL LAST APPROXIMATELY ONE WEEK DEPENDING ON TEMPERATURE, BATHER LOAD AND AMOUNT OF WATER FLOW. Sticks should never be thrown directly into pool as they may cause spotting or bleaching. Not recommended for splasher or wader pools.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Keep Out Of Reach Of Children. CORROSIVE. Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists, irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before, eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.
