OFFICE OF PREVENTION, PESTICIDES AND TOXIC SUBSTANCES

Debbie Schaub, General Administrator Qualco, Inc. 225 Passaic Street Passaic, NJ 07055

Subject:

Notification per PR Notice 2007-4

Non-Foaming 30% Algaecide

EPA Registration Number: 3525-133 Application Date: October 22, 2009 Receipt Date: November 10, 2009

Dear Ms. Schaub:

This acknowledges receipt of your notification, submitted under the provisions of PR Notice 2007-4 and FIFRA section 3 (c) 9.

### **Proposed Notification:**

Label revision per PR Notice 2007-4.

### **General Comments:**

The notification is acceptable. A copy has been inserted in your file for future reference.

Should you have further questions concerning this letter, please contact me at 703-308-6427 or by email at <a href="mailto:carlisle.shaRon@epa.gov">carlisle.shaRon@epa.gov</a> or Killian Swift by telephone at 703-308-6346 or by email at <a href="mailto:swift.killian@epa.gov">swift.killian@epa.gov</a>. When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

ShaRon Carlisle

# NON-FOAMING 30% ALGAECIDE

**ACTIVE INGREDIENTS:** 

Poly(oxyethylene [dimethyliminio] ethylene [dimethyliminio] ethylene dichloride......30.0% OTHER INGREDIENTS......70.0%

# KEEP OUT OF REACH OF CHILDREN CAUTION FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15:20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a posion control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. HOT LINE NUMBER: Have the product container with you when calling the poison control center or doctor, or going for treatment. You may also contact 973-473-1222 for further questions. NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

### MADE ESPECIALLY FOR POOL SPECIALISTS

. Net Contents: 1 qt. (32 fl. oz.) (946 ml)

Non-Foaming 30% Algaecide controls algae growth in swimming pool water without causing foaming. This product is effective at both high and low pH levels. Non-Foaming 30% Algaecide is compatible with chlorinating products and other chemicals used to treat swimming pools and may reduce the amount of those chemicals normally required. However, DO NOT mix this product with concentrated dry or liquid chlorinating products.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Non-Foaming 30% Algaecide is used to control the growth of many algae types, including green, black and mustard algae. For treatment of a freshly cleaned and filled pool, add an initial dose of 12 to 24 fl. oz. Non-Foaming 30% Algaecide per 10,000 gallons of water. For maximum effectiveness, heavy growth of algae should be cleaned prior to use of Non-Foaming 30% Algaecide. Pools containing just visible algae growth should receive an initial dose of 24 to 36 fl. oz. of Non-Foaming 30% Algaecide per 10,000 gallons of water. After 24 hours, vacuum pool to remove algae debris. On a regular basis, (every 5 to 7 days), use a maintenance dose of 4 to 9 fl. oz. of Non-Foaming 30% Algaecide per 10,000 gallons of water. During, hot sunny weather, more frequent additions may be necessary.

Non-Foaming 30% Algaecide will prevent the growth of most algae during the off season, when the pool is not in use. For pools which have been properly treated during the swimming season, and are free of visible algae, add 13 to 21 fl. oz. of Non-Foaming 30% Algaecide per 10,000 gallons of water. If at the end of the season, the pool has some visible algae growth, add 25 to 37 fl. oz. of Non-Foaming 30% Algaecide per 10,000 gallons of water. For best results, circulate the pool water, prior to covering the pool for the winter.

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling.

#### **ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage of disposal.

STORAGE: Keep product dry in tightly closed container when not in use. Store in a cool, dry well ventilated area away from heat and open flame. NONREFILLABLE CONTAINER. IF EMPTY: Do not reuse or refill this container. Place in trash or offer for recycling, if available. IF PARTLY FILLED: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
