ED UNDER NO. 3533-4 SUBJECT
TO ATTACHED COMMENTS.

A-3

A-3 is a balanced formulation combining Airkem's true odor counteractants, a nonionic synthetic detergent, a quaternary ammonium compound, and an organic chelating agent ... for effective cleaning, disinfecting and counteracting of odors in one labor-saving operation.

AS A DETERGENT — A-3's 100% active biodegradable detergent (a) loosens soil through superior wetting and penetrating action; (b) suspends insoluble matter in solution; and (c) emulsifies oil and grease. Low foaming A-3 leaves surfaces spot-free and film-free.

AS A DISINFECTANT — A-3 has a Phenol Coefficient of 15 (Salmonella, typhosa) and 21 (Staph. aureus). Used as directed (2 oz. per gallon or 1 to 64) A-3 provides 390 ppm effective germicide action further enhanced by an organic chelating agent that inactivates metallic ions. A-3 rapidly destroys a broad range of GRAM-POSITIVE and GRAM NEGATIVE ORGANISMS. It kills mold and mildew on contact on hard surfaces when used according to directions. Where Pseudomonas action is desired dilute 3 oz./gal. (580 ppm).

AS AN ODOR COUNTERACTANT — A-3 provides a residual air freshened effect through true odor counteraction.

WARNING: Causes eye or skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food. Avoid breathing spray mist.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 min. For eyes, call a physician. Remove and wash contaminated clothing before re-use. If swallowed, drink promptly a large quantity of water. Avoid alcohol. Call physician immediately.

DETERGENT DISINFECTANT ODOR- COUNTERACTANT

FOR USE IN HOSPITALS

WARNING: Keep Out of Reach of Children. See other precautions on side label.

ACTIVE INGREDIENTS:

n-alkyl (60% C14, 30% C16, 5% C18, 5% C12)
dimethyl benzyl ammonium chlorides 2.5%
Essential Oils 0.703%
Sodium Carbonate Anhydrous 0.2%
Tetrasodium ethylene
diamine tetraacetate 0.1%

INERT INGREDIENTS: 90.497%

NET CONTENTS 15 GALLONS

DIRECTIONS:

Mix 2 oz. of A-3 with one gallon of water — hot or cold. A-3 is an equally effective detergent in hard or soft water.

Apply solution with mop, sponge, cloth, scrubber, or sprayer.

Remove solution and the entrapped soil with clean, wet mop, sponge, cloth or wet vacuum pickup.

USES: A-3 is unexcelled for washing hard surfaces such as porcelain, tile, glass, stainless steel, chrome, and does not damage washable painted, varnished or lacquered surfaces. Because A-3 rinses spot-free, it is particularly suitable for wood, linoleum, rubber, cork, vinyl and asphalt tile floors. Its mildness and superior rinsing qualities make it an excellent cleaner for marble and terrazzo.

Do not re-use empty drum. Return to drum reconditioner or destroy by perforating or crushing and bury in a safe place.
