OMEGA is a multi-purpose germicidal cleaner with excellent detergency and odor counteraction in concentrate form. It is an effective disinfectant against a broad spectrum of micro-organisms including *S. aureus*, *S. typhosa*, *M. tuberculosis*, *P. aeruginosa* and *T. interdigitale* when used as directed.

In addition, OMEGA contains a true odor counteractant. The unpleasant phenol odor associated with disinfectants is not present. OMEGA imparts Airkem's famous Air Freshened Effect and leaves the treated area smelling fresh and clean.

FOR ALL GENERAL CLEANING AND DISINFECTION

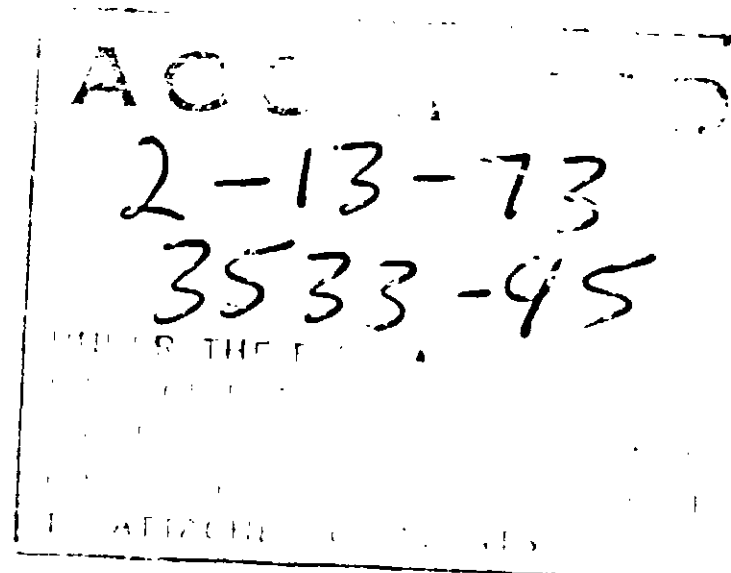

DIRECTIONS FOR USE:

Use a 1:256 solution (1/2 oz. OMEGA per gallon of water) for general cleaning and disinfection, including tuberculosis areas.

OMEGA mixes well with warm or cold water.

Apply with mop, spray, sponge or brush. Use on floors, walls, partitions, fixtures, equipment, lavatories, urinals, basins, carts, tables and work surfaces.

Rinse empty container thoroughly with water and discard it.
