3546-29

Date of Issuance:

21 APR 1994

NOTICE OF PESTICIDE:

 X Registration
 Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

BLAST ROACH ERASE

Name and Address of Registrant (include ZIP Code):

I. Lynwood Kanin, D.V.M.
Lynwood Laboratories
945 Great Plain Avenue
Needham, MA 02192

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

a. Revise the EPA Registration Number to read, "EPA Reg. No. 3546-29."

b. Under the "PHYSICAL OR CHEMICAL HAZARDS" section add the following statements: "Do not apply this water-based product in conduits, motor housings, junction and switch boxes, or other electrical equipment because of possible shock hazards. Do not use on surfaces that may be damaged by water."

c. Under the "Storage" section add the following sentence: "Do not store at temperatures over 130°C."

Signature of Approving Official:

Date:

21 APR 1994

SEE PAGE 2

3. Submit a signed and dated copy of the Confidential Statement of Formula (CSF).

4. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Robert S. Brennis
Acting Product Manager 10
Insecticide & Rodenticide Branch
Registration Division (7505C)

21 APR 1994

Under the Federal Insecticide,
 Fungicide, and Rodenticide Act
 Registration No. 35746-39

**PRECAUTIONARY STATEMENTS
 HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful if swallowed or absorbed through skin. Do not breathe vapors or spray mist. Avoid contact with eyes. In case of contact, flush with plenty of water. Wash with soap and water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs. Do not use in commercial food processing, preparation, food storage or serving areas. In the home, avoid use in food preparation, food storage or serving areas. Do not use on food processing surfaces after cleaning should be completed during treatment, or thoroughly washed. Reproductive toxicity should be covered or removed. Remove pets, birds and cover fish aquariums before spraying.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SPRAYER BEFORE USE. HOLD CONTAINER UPRIGHT. APPLY IN SHORT BURSTS
 For Household Use and in Non-Food Areas of Industrial Buildings: schools, Warehouses, Office Buildings, Theaters, Gasoline Stations, Mosquitoes, Fleas, Gnats, Mosquitoes and others listed on back of container.
 Kills Common Household Pests: Cockroaches, Mosquitoes, Fleas, Gnats, Mosquitoes and others listed on back of container.

FOR SPACE SPRAY:

To Kill Fleas, Gnats, Mosquitoes, Small Flying Moths and Wasps: Close all doors and windows. Spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Repeat after 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up fallen insects. Before spraying cover exposed food and utensils.

FOR SPOT TREATMENT:

To Kill Ants, Cockroaches and Crickets: Contact as many insects as possible with the spray by thorough spraying of all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and where pests are suspected of hiding. To kill ants: treat doors, around window frames, ant trails and other areas. Repeat as necessary.

To Kill Exposed Forms of Confined Flea Beetles, Rice Weevils, and Saw-toothed Grain Beetles and destroy infested package goods. Remove all other items from pantry. Spray the shelves to kill insects present. Place clean paper on the shelves and return packages after shelves have dried as necessary.

To Kill Centipedes, Firebrats, Silverfish, Sowbugs and S. lice: Contact as many insects as possible with the spray. Also thoroughly spray all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, crevices, hidden surfaces under sinks, behind stoves and refrigerators.

To Kill Brown Dog Ticks and Fleas: Remove and destroy pet's old bedding. Spray sleeping quarters around baseboards, window and door frames, wall cracks and floor areas of floors. Repeat as necessary. DO NOT SPRAY ANIMALS. Old bedding should be removed and replaced with clean, fresh bedding. Also treat dogs and cats with a registered flea and tick control product before allowing them to enter the area.

FOR CRACK AND CREVICE:

To Kill Ants, Brown Dog Ticks, Carpet Beetles, Cockroaches, Crickets, Fleas, Silverfish, Sowbugs and S. lice: Apply spray in small amounts directly into cracks and crevices. Equipment capable of delivering spray should be used in points between different elements of construction, between equipment and floor leading to voids and hollow spaces in walls, equipment legs and bases where the above listed insects are likely to hide. Avoid contamination of food or food processing surfaces.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area away from heat or open flame.
DISPOSAL: Replace cap and discard container in trash. Do not incinerate or puncture.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately.
IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF ON SKIN OR CLOTHING: Wash with soap and warm water. Get medical attention if irritation persists.

IF INHALED: Remove victim to fresh air if effects occur, and call a physician.
