Dr. Irving L. Kanin, D.V.M.
President
Lynwood Laboratories, Inc.
945 Great Plain Avenue
Needham, MA 02492

Subject: Amended Reregistration Label
Product Name: Shoo-Fly Hornet Wasp Jet-Bomb II
EPA Registration Number: 3546-40
Decision Number: 410834, 413482, 436021

Dear Dr. Kanin:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Permethrin, Tetramethrin and Piperonyl Butoxide REDs, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

NOTE: This product is **not** yet being reregistered under section 4(g) of FIFRA.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 6/30/2004
- Alternate CSF 1, dated 5/7/2003

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment or the next printing of the label, whichever occurs first, must bear the

EPA Reg. No. 3546-40
Decision No. 410834, 413482, 436021

new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions about this letter, please contact Autumn Metzger 703-305-5314, or metzger.autumn@epa.gov.

Sincerely,

A handwritten signature in cursive script that reads "Meredith M. Fry". The ink is dark and the signature is centered on the page.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed. Avoid contact with eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

USER SAFETY RECOMMENDATIONS

- Users should remove clothing immediately if pesticide gets inside and after handling this product. Then wash thoroughly and put on clean clothing.
- Causes moderate eye irritation. Avoid contact with eyes or clothing. Prolonged or frequently repeated skin

contact may cause allergic reactions in some individuals. Wear long sleeved shirt, chemical resistant gloves, long pants, socks and shoes.

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See Side/Back Panel for Additional Precautions

FIRST AID	
IF IN EYES:	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
IF SWALLOWED:	<ul style="list-style-type: none">• Immediately call a poison control center or doctor.• Do not induce vomiting unless told to do so by a poison control center or doctor.• Do not give any liquid to the person.• Do not give anything by mouth to an unconscious person.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this product (including health concerns, medical emergencies or pesticide incidents), you may call 1-888-740-8712.	
NOTE TO PHYSICIAN	
Contains petroleum distillate - vomiting may cause aspiration pneumonia.	

ENVIRONMENTAL HAZARDS

This product is extremely toxic to fish and other aquatic life. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from treated areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

Drift and run-off may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water or equipment when disposing of equipment wash-water or rinsate.

This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are foraging the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from fire, sparks and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label before using.

USE RESTRICTIONS

- Apply this product only as specified on label
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.

- For OUTDOOR USE ONLY. DO NOT USE INDOORS.
- Do not enter or allow adults, children or pets to enter treated area until sprays have dried.
- Do not contaminate food or feedstuffs
- Do not use this product directly on domestic (companion) animals(dogs, cats, puppies, or kittens)
- Do not make applications during rain.
- Do not use in food/feed areas. Do not use in serving areas while food is exposed. Serving areas are areas where food is served, such as dining rooms, but excluding areas where foods may be prepared or held. Do not apply when food is present. In the home, all food processing surfaces and utensils should be covered or removed.
- When used in dairy barns or facilities: Close milk bulk tank lids to prevent contamination from spray and from dead or falling insects. Remove or cover milking utensils before application. Wash teats of animals before milking.
- Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot or crack and crevice treatment. During application, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters.
- All outdoor applications, if permitted elsewhere on this label, must be limited to spot or crack-and-crevice treatments only, except for the following permitted used, if allowed elsewhere on this label: (1) Applications to soil or vegetation, as listed on this label, around structures; (2) Applications to lawns, turf, and other vegetation, as listed on this label; (3) Applications to the side of a building, up to a maximum height of 3 feet above grade; (4) Applications to underside of eaves, soffits, doors, or windows permanently protected from rainfall by a covering, overhang, awning, or other structure; (5) Applications around potential pest entry points into buildings, when limited to a surface band to exceed one inch in width and/or (6) Applications made through the use of a coarse, low pressure spray to only those portions of surfaces, that are directly above bare soil, lawn, turf, mulch or other vegetation, as listed on this label, and not over an impervious surface, drainage or other condition that could result in runoff into storm drains, drainage ditches, gutters, or surface waters, in order to control occasional invaders or aggregating pests present at the time of application.
- Application of this product is prohibited directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow this product to enter any drain during or after application.
- This product is not for use in outdoor residential misting systems (indoor or outdoor), metered release misting systems, or indoor commercial animal premise automatic misting systems.

SHAKE WELL BEFORE EACH USE

TO OPERATE THE CAN: Remove protective cap. Point nozzle toward area to be sprayed and press down all the way for a long-distance spray up to 20 feet.

To Kill: Hornets, wasps, yellow jackets, under eaves, screens, patios, window frames, cracks or holes in crevices or wherever insects are found, spray one to two seconds or until surfaces are moist but not to the point of run off. To prevent entrance of insects to house, spray around the points where insects enter such as outside plumbing, faucets, screens and surfaces etc. and cracks or crevices in foundation as well as along sills and ledges. Apply only as a residual spray where insects alight. Used as directed: one spraying of Shoofly Hornet Jet Bomb leaves an invisible film that kills up to 4 weeks.

OUTDOOR USE ONLY: For best results, spray in early morning or late evening when insect activity is minimal. Stand a safe distance from nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. **Residual Action** will kill wasps and hornets returning to the nest. Wait at least 24 hours before removing the nest.

Do not spray vegetation directly to prevent damage to foliage. If spray accidentally contacts foliage, immediately wash with water. This product may discolor exterior surfaces of building, structures and painted surfaces and may cause staining (darkening) of asphalt surfaces and shingles. Test product in an inconspicuous area before applying.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide storage: Do not store near heat or open flame. Keep this product in its tightly closed original container when not in use. Store in a cool, dry (preferably locked) place in an area that is inaccessible to children and animals.

Pesticide Disposal and Container Handling: Do not puncture or incinerate. Non refillable container. Do not reuse or refill this container *If empty:* Place in trash or offer for recycling, if available. *If partly filled:* Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
