OFFICE OF
PREVENTION, PESTICIDES

Dear Dr. Kanin:

Subject: Label Claims
Shoo-fly Flying Insect Killer
EPA Registration Number 3546-41
Your submission dated February 24, 2009

The application referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable with the following comments:

1. You must update your label according to PR Notice 2008-1. Please change "Do not apply directly to any body of water." to read "To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area."

A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact Linda A. DeLuise of my team at (703) 305-5428.

Sincerely,

Linda A DeLuise

for Richard Gebken

Enclosure

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **SHAKE WELL BEFORE USING:** Remove protective cap, hold container upright and spray from a distance of 12 to 15 inches. Remove birds and cover fish aquariums before spraying. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.

INDOORS: FLIES, HOUSEFLIES, FRUIT FLIES, MOSQUITOES, GNATS, WASPS, HORNETS, BEES: Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Direct spray to all parts of the room, especially windows and other light sources which attract these insects. Keep nozzle in constant motion. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep and discard fallen insects. **COCKROACHES, WATERBUGS, PALMETTO BUGS, SILVERFISH, CRICKETS, SCORPIONS, SPIDERS, MILLIPEDES:** Spray into hiding places such as cracks and crevices, behind sinks, cabinets, along baseboards and floors, around drains and plumbing, hitting insects with spray whenever possible. **ANTS:** Spray trails, nests and points of entry. Spray directly on ants where possible. **CARPET BEETLES:** Spray directly on beetles, floors, baseboards, shelves, and carpets. **OUTDOORS:** Point spray nozzle away from face. Hold can on slight downward angle. For best results, spray when air is calm. Allow a few minutes for product to take effect. Spray with wind if breeze is blowing. Remove all exposed food and cooking utensils. Cover food handling surfaces or wash thoroughly after treatment or before use. Do not use on edible crops. **Flying insects:** Flies, Mosquitoes, Gnats, Small Flying Moths, Hornets, Wasps and Yellow Jackets. Allow fog to drift over area. Direct spray toward bushes, or grass from at least 4 to 6 feet away. Give special attention to breeding areas such as garbage cans and compost piles. **Mud daubers and wasp nests:** Spray mist directly on insects and their nests from approximately 2 feet away. Contacted insects will fly away from fog. Applications should be made in late evening when insects are at rest. Spray into hiding and breeding places contacting as many insects as possible. **Crawling insects:** Ants, Cockroaches, including Asian Cockroaches, Crickets, Mole Crickets, Centipedes, and Silverfish. Spray infested surface of patio or picnic area, wetting as many insects as possible. Also spray legs of table and chairs to repel ants. Spray ant hills for best control. Be cautious about wetting tender foliage, young plants and new growth. Contact insects directly whenever possible.

FOR THE CONTROL OF GARDEN INSECTS - For use on roses, dahlias, asters and other ornamentals to kill Japanese Beetles hit by spray, as well as **WHITEFLIES, APHIDS, EXPOSED THRIPS, SPIDERS, RED MITES, and LEAF MINERS.** Not for use on plants being grown for sale or other commercial use. Maybe used on plants, as well as a multi-purpose spray in small gardens and for spot treatments of incipient insect infestations to prevent spreading in large garden areas. May also be used on other plants such as African violets, asters, azaleas, begonias, carnations, chrysanthemums, delnias, delphiniums, dogwood, English ivy, euonymus, fuschia, geraniums, crassula, grape vine, Kentia palm, laurel, merigolds, rhododendrons, roses, rubber plants, snapdragons, stocks, wandering jews, and zinnias. Effective when used as directed against **WHITEFLIES, APHIDS, SPIDERS, AND RED MITES, EXPOSED THRIPS, LACE BUGS, JAPANESE BEETLES, PAVEMENT ANTS, CLOVER MITES AND ARMYWORMS.** When spraying plants, do not operate closer than 18 inches. Use sweeping motion. Spray in one second bursts. Be cautious about wetting tender foliage, young plants, and new growth. Do not spray plants when temp. exceeds 90° F. Over application might cause damage. Contact insects directly whenever possible. Repeat treatment as infestations occur.

TICKS (Adults and Larvae): Remove and thoroughly clean and replace pet bedding. Spray pet sleeping quarters, bed, floor and floor covering with special attention to cracks and crevices around base boards and window and door frames. Infested upholstered furniture and mattresses may be treated with this product. Allow all sprayed articles to dry thoroughly before use. **CARPET BEETLES:** Spray directly on beetles, floors, baseboards, shelves, and carpets. **COCKROACHES, WATERBUGS, PALMETTO BUGS, SILVERFISH, FIREBRATS, CRICKETS, SCORPIONS, MILLIPEDES, SOWBUGS, and PILLBUGS:** Spray into hiding places such as cracks and crevices, behind sinks, cabinets, along baseboards and floors, around drains and plumbing, hitting insects with spray whenever possible. **ANTS:** Spray trails, nests and points of entry. Spray directly on ants where possible.

FLEAS IN HOMES - Space spray: Hold can 3 inches above floor and direct spray toward floor and lower walls at a rate of 10 seconds per 100 sq. ft. making sure that all floor, sofa and chair surfaces are contacted. Leave room and keep area closed for 15 minutes. Open and ventilate before respraying. Allow all treated areas to dry thoroughly before use. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed. Do not use in rooms/areas while occupied by patients, the elderly or infirm.

STORAGE AND DISPOSAL: Store in a cool, dry area. Do not transport or store below 32° F. Do not incinerate or puncture. **IF EMPTY:** Place in trash or offer for recycling if available. **IF PARTIALLY FILLED:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. **NON REFRILLABLE CONTAINER:** Do not reuse or refill this container.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS: CAUTION: Harmful if inhaled. Avoid breathing spray mist. Remove contaminated clothing before reuse. Wash thoroughly with soap and water after handling. Avoid contamination of feed and foodstuffs. Remove pets and birds and cover fish aquaria before spraying or surface applications. Vacate room after treatment and ventilate before reoccupying. Do not allow children or pets to contact treated areas until surfaces are dry. **ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Do not apply directly to any body of water. **PHYSICAL OR CHEMICAL HAZARDS:** Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting. Do not apply this product in conduits, motor housing, junction and switch boxes or other electrical equipment because of possible shock hazard. Do not use on surfaces that can be harmed or stained by water.

FIRST AID: IF INHALED. Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth to mouth. Get medical attention. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-858-7372 for emergency medical treatment information.
