U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Antimicrobials Division (7510C)
1200 Pennsylvania Avenue, N.W.
Washington, D.C. 20460

EPA Reg. Number:
3573-58

Date of Issuance:
SEP 23 2002

NOTICE OF PESTICIDE:
 Registration
 Re-registration

Term of Issuance:
CONDITIONAL Expires
September 30th, 2003

(under FIFRA, as amended)

Name of Pesticide Product:
Gain with Bleach II

Name and Address of Registrant (include ZIP code):
Proctor and Gamble Company
Sharon Woods Technical Center
11530 Reed Hartman Highway
Cincinnati, Ohio 45241-2422

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/re-registered under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA Section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA Section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA Section 4, or as required by registration review under FIFRA Section 3(g).

2. Make the following labeling changes:

a. Revise the EPA Registration Number to read, "EPA Reg. No. 3573-58".

Signature of Approving Official:

Marshall Swindell
Marshall Swindell, Product Manager, Team 33,
Regulatory Management Branch I, Antimicrobials Division

Date:

SEP 23 2002

- 3. In order to satisfy the requirements of this time-limited registration, the following information must be submitted on or before April 30th, 2003.
 - a. The acute neurotoxicity study entitled, "Single Dose Gavage Neurotoxicity study with OSS0656.01 in Rats" is classified as unacceptable and is not upgradable. It does not satisfy the guideline requirement (870.200) for an acute neurotoxicity study in the rat.

A new study must be submitted to satisfy this guideline requirement.

A copy of the science review is enclosed for your records.

- b. The acute neurotoxicity study entitled, " 13-week Oral gavage Neurotoxicity study with SS0656.01 in Rats" is classified as unacceptable but upgradable.

Additional information must be submitted to the Agency for our review in order to upgrade this study.

- 4. However, if the above information is not submitted by April 30th, 2003, in support of this time limited registration, your product registration will be subject to cancellation, and will expire on September 30th, 2003.
- 5. The rationales to support the data waiver requests for the freshwater fish and invertebrate studies with NOBS are acceptable. The requirement for the submission of these two studies is waived.

The data required in this time-limited registration must be submitted, reviewed, and found to be acceptable before the expiration date in order for this registration to continue.

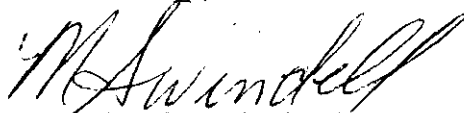

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA Section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the accepted label is enclosed for your records.

3/7

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Sincerely,

Marshall Swindell
Product Manager 33
Regulatory Management Branch I
Antimicrobial Division(7510C)

GAIN with BLEACH TOUGH STAIN REMOVAL GUIDE

GARMENT CARE: Follow garment care label instructions. Gain with Bleach is safe for all washable colorfast fabrics. If garment label reads "Do Not Bleach" or "Do not Oxygen Bleach" it may be susceptible to color change when laundered. Consult

Colorfastness Test (below) for care of these garments, or to test any garment for color-fastness before washing.

COLORFASTNESS TEST:

- Dissolve 2 tablespoons of Gain with Bleach in one cup of hot water
- Soak hidden area for 20 minutes, rinse in warm water, let dry.
- Compare with rest of garment. Proceed if color is unchanged.

If a color change is detected, wash garment separately in cold water.

PRE-SOAK: First test for colorfastness (see test above). If garment passes the test, soak up to 30 minutes using 1/2 scoop of detergent per gallon of water in a bucket or 1 1/2 scoops in your washer. Use warmest water as recommended on garment care label. Then drain washer, refill with water, add 1 1/2 scoops of detergent and wash as usual.

CHOCOLATE: Pre-treat or pre-soak with detergent in warm water, then launder.

DYE TRANSFER: Launder with detergent and chlorine bleach if safe for fabric. Some fabrics may need a fabric color remover (Follow package directions when using any laundry product).

GROUND-IN DIRT, MUD, BLOOD, FRUIT JUICE: Rinse in cold water, then pre-soak remaining stains with detergent. Launder usual.

LIPSTICK: Pre-treat, rinse and launder with detergent.

SIDE PANEL 2

GAIN with BLEACH

*Inert ingredients include biodegradable surfactants (anionic and nonionic), enzymes, whitening agent and fabric brightening agent.

This package contains 33 uses (as measured to the lower-fill line-on-the-scoop). The precise number of uses from each package will vary slightly with the method of scooping and the settling during shipment.

Individual packages may weight slightly more or less than the marked weight due to normal variations incurred with high speed packaging machines, but each day's production will average slightly above marked weight.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes. Harmful if swallowed.

FIRST AID: IF SWALLOWED: Drink 1 or 2 glasses of water. Call a physician or Poison Control Center.

IF IN EYES: In case of contact, immediately flush eyes with plenty of water. Get medical attention if irritation persists.

STORAGE/DISPOSAL: Store in a cool, dry place. Do not reuse container. Discard empty container in trash.
