 OFFICE OF  
 PREVENTION, PESTICIDES  
 AND TOXIC SUBSTANCES

 Mary Joy Stuart  
 Regulatory Affairs, HHC  
 The Procter & Gamble Company  
 5299 Spring Grove Ave.  
 Cincinnati, OH 45217

 Subject: CSP-3002-3  
 EPA Registration No. 3573-77  
 Application Date: December 4, 2006  
 Receipt Date: February 28, 2007

Dear Ms. Stuart:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

- Revisions to Directions for Use Statement

**Conditions**

1. In the disinfection guidelines on Pages 5 and 6, the pest claims must be listed in their complete form. The following are not acceptable as alternate text:

- "Salmonella" for *Salmonella enterica*
- "Staph" or "S. aureus" for *Staphylococcus aureus*
- "Pseudomonas" for *Pseudomonas aeruginosa*
- "HEP A" for *Hepatitis A*
- "AIDS Virus" for *Human Immunodeficiency Virus Type I*
- "Norwalk" or "Norovirus" for *Norwalk Virus*

2. Change "*Salmonella choleraesuis*" to "*Salmonella enterica*" everywhere it appears on the label.

3. The 5 minute and 10 minute disinfection claims chart should appear below hard non-porous directions for use currently on page 5 of the label. This will enable applicators to use the appropriate contact times associated with each of the organisms.

2/11

4. On pages 4 and 5 of the label remove the optional text brackets from the Toilet Bowl section. Revise the directions for use to read "Brush thoroughly under the rim" everywhere it appears on the label.

5. On page 4, Hospital Grade is not an acceptable term under the 5 and 10 minute disinfection.

6. Revise appliance directions for use to reflect **only** the outside can be disinfected. Remove all references to inside appliance disinfection everywhere it appears on the label.

7. This product is registered for use on hard, non-porous surfaces. **Plastic** is a porous surface and must be removed from the label everywhere it appears.

8. The deodorization claim must be accompanied by complete directions for use and adequate dosage recommendations requirements per DIS/TSS-15.

9. When the optional Use Site "Poultry Farms" is included on the label, the following separate directions for use must be included:

"Do not use in milking stalls, milking parlors, or milk houses (for phenolics, cresylic acid, and pine oils). Remove all animals and feed from premises, vehicles, and enclosures. Remove all litter and manure from floors, walls and surfaces of barns, pens, stalls, chutes, and other facilities and fixtures occupied or traversed by animals. Empty all troughs, racks, and other feeding and watering appliances. Thoroughly clean all surfaces with soap or detergent and rinse with water. Saturate all surfaces with the recommended disinfecting solution for a period of 10 minutes. Immerse all halters, ropes, and other types of equipment used in handling and restraining animals, as well as forks, shovels, and scrapers used for removing litter and manure. Ventilate buildings, cars, boats, and other closed spaces. Do not house livestock or employ equipment until treatment has been absorbed, set, or dried. Thoroughly scrub all treated feed racks, mangers, troughs, automatic feeders, fountains, and waterers with soap or detergent, and rinse with potable water before reuse."

10. When the optional use site "Dairy Farms" (or any non-poultry farm premise) is included on the label, the following separate directions for use must be included:

"Remove all poultry and feeds from premises, trucks, coops, and crates. Remove all litter and droppings from floors, walls and surfaces of facilities occupied or traversed by poultry. Empty all troughs, racks, and other feeding and watering appliances. Thoroughly clean all surfaces with soap or detergent and rinse with water. Saturate surfaces with the recommended disinfecting solution for a period of 10 minutes. Ventilate buildings, coops, and other closed spaces. Do not house poultry or employ equipment until treatment has been absorbed, set, or dried. Thoroughly scrub treated feed racks, troughs, automatic feeders, fountains, and waterers with soap or detergent, and rinse with potable water before reuse."

11. When these optional medical sites/task areas are included on the label you must include the pursuant MOU Statement:

- medical environments
- hospitals
- nursing homes
- medical and dental offices and clinics
- operation rooms
- isolation wards.
- patient chairs
- examination tables
- wheelchairs

MOU Statement: "This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection"

General Comments

A stamped copy of the accepted labeling is enclosed. Submit 1 copy of your final printed label before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact Wanda Henson at 703-308-6345.

**BACKSIDE Panel**

**DIRECTIONS FOR [HOUSEHOLD] [INSTITUTIONAL] [COMMERCIAL] USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **Gallon size:** Refill [into] properly labeled spray bottle[s]. \Refill [only] properly labeled [Product name] [Cleaner with Bleach] spray bottle[s].\Refill only [Product name] Cleaner with Bleach spray bottle[s].

**PHYSICAL AND CHEMICAL HAZARDS:** Contains Bleach. Do not mix with other products, especially toilet bowl cleaners or products that contain ammonia as hazardous vapors/fumes may result. Avoid contact with clothes, fabric, carpet, wood, rubber, painted or paper surfaces, as they will discolor. Rinse immediately after use on metal, old glazed porcelain, or worn countertops to avoid discoloration or pitting.

**Use the following usage instructions for concentrate**

**CONCENTRATED PRODUCT – DILUTE BEFORE USING** [(1 gallon makes 5 gallons of diluted\disinfecting\sanitizing product and 10 gallons of cleaning\deodorizing product)]

**Closed chemical container: ATTACHING THIS PRODUCT TO THE [P&G] [AUTOMATIC] DILUTION CENTER:** Remove the [white] shipping cap.

**Closed chemical container: DO NOT REMOVE [WHITE] PLUG FROM BOTTLE THROAT!** Screw on [white] dispensing cap from dilution center tube. Push down while twisting.

**PREPARING \MANUAL PREPARATION OF CLEANING \[DEODORIZING] SOLUTION:** Mix 1 part [of this] product\concentrate per 9 parts water into a [Product Name] [Cleaner with Bleach] spray bottle [using the dilution center].\Mix this product\concentrate with water using the [P&G] [AUTOMATIC] dilution center.

**PREPARING \MANUAL PREPARATION OF DISINFECTING \[SANITIZING] SOLUTION:** Mix 1 part [of this] product\concentrate per 4 parts water into a [Product Name] [Cleaner with Bleach] spray bottle [using the dilution center].\Mix this product\concentrate with water using the [P&G] [AUTOMATIC] dilution center.

**KILLS HIV-1 (AIDS VIRUS) ON PRECLEANED ENVIRONMENTAL SURFACES\OBJECTS**

**PREVIOUSLY SOILED WITH BLOOD\BODY FLUIDS**, in health care settings in which there is an expected likelihood of soiling of inanimate surfaces\objects with blood or body fluids, and in which the surfaces\objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1(HIV-1) (associated with AIDS).

**SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 ON SURFACES\OBJECTS SOILED WITH BLOOD\BODY FLUIDS.**

**PERSONAL PROTECTION:** When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks and eye protection.

**CLEANING PROCEDURE:** Blood and other body fluids containing HIV must be thoroughly cleaned from surfaces and objects before application of this product.

**CONTACT TIME:** Thoroughly wet surfaces with disinfecting solution for 5 minutes, then rinse or wipe clean.

**DISPOSAL OF INFECTIOUS MATERIAL:** Blood, body fluids, cleaning materials and clothing should be autoclaved and disposed of according to local regulations for infectious waste disposal.

**GENERAL CLEANING [DIRECTIONS]:** [Apply to hard, non-porous surfaces.] Spray\Pour\spray directly onto surface [or] [damp sponge] [cloth] [paper towel] [towel]. Rinse or wipe clean. For tough stains or soil, let soak\stand [1 minute\60 seconds].\For tougher soils, allow to soak. **[FLOORS:** Add 250 mL\1 cup [concentrate\product] per 3.78 L\1 gallon warm water. Mop and rinse.]

**TO DEODORIZE:** Spray product to deodorize hard, non-porous surfaces. [For light\daily [duty] deodorizing, dilute 1 part concentrate\product to 9 parts water.]

Note: Bold, italicized text is for reader clarity only. Bracketed [ ] text denotes optional text. Backslash \ denotes alternate text.

6/11

**PRECAUTIONARY STATEMENTS:** Hazards to Humans and Domestic Animals

**CAUTION:** Harmful if absorbed through skin. Causes moderate eye irritation. Do not get in eyes or on clothing. Avoid contact with skin. Avoid breathing vapor or spray mist. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Not recommended for use by persons with heart conditions or chronic respiratory problems such as asthma, emphysema or obstructive lung disease. For sensitive skin or prolonged use, wear gloves. Remove contaminated clothing and wash clothing before use.

**FIRST AID:** **If on skin or clothing**, take off contaminated clothing. Rinse skin immediately with plenty of water for 15 -20 minutes. **If in eyes**, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing the eye. **If breathing is affected**, get to fresh air immediately.

Contact a poison control center or doctor for treatment advice. Have the product container or label with you when calling the poison control center or doctor, or going for treatment.

**STORAGE/DISPOSAL:** Store in cool place. **Gallon Size:** Discard empty bottle in trash. **Spray container only:** Do not reuse bottle except with [Product Name] [Cleaner with Bleach] [product] refill. If not refilling, discard in trash.

**Biodegradable cleaning agents**  
**Contains No Phosphate**
