Cincinnati, OH 45217

**FILE COPY**

Subject: MIA-2  
EPA Registration No. 3573-92  
Application Date: July 21, 2009  
Receipt Date: July 22, 2009

Dear Ms. Stuart:

The following amendments, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, are acceptable with the conditions listed below:

- Revision of Storage and Disposal Statement per PR Notice 2007-4
- Addition of "available chlorine" statement
- Addition of EPA Establishment Number and EPA Reg Number

**Conditions:**

1. On page three of the product label, you must revise the term "If breathing is affected" to read "If inhaled".
2. The term "biodegradable" is unacceptable and must be removed wherever it appears on the label.
3. The misleading term "One step cleaner and disinfectant" must be removed from pages seven and eight. The instructions for disinfection specify more than one step.
4. The term "All-purpose" must be removed from page eight. This claim is vague and implies a greater range of uses than accepted for this product.
5. The term "the power of bleach" must be removed from page nine. This claim is considered to imply heightened efficacy.

**General Comments:**

A stamped copy of the labeling accepted with conditions is enclosed. Submit one (1) copy of your final printed label before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact Wanda Henson at 703-308-6345.

Sincerely,

*for Wanda Henson*

Emily H. Mitchell  
Acting Product Manager (32)  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

**FRONT Panel**

Active Ingredient: Sodium Hypochlorite.....1.45%  
Other Ingredients:.....98.55%  
Total:.....100.00%  
(Yields 1.38% available chlorine)

**KEEP OUT OF REACH OF CHILDREN**  
**CAUTION: EYE AND SKIN IRRITANT. See backside panel for other precautions.**

**Net Weight Statement**

**Optional:**

- Ready-to-Use
- Refill
- For Automatic Dilution
- Concentrate
- 5X Concentrate
- Disinfectant
- Hospital Use\Grade\Level Disinfectant
- Bactericide\Bactericidal
- Virucide\Virucidal
- Germicide\Germicidal
- Sanitizer
- Deodorizer
- Institutional
- Commercial
- Disinfects
- Disinfecting
- Not for Retail Sale

**Use the following usage instructions for concentrate**  
**CONCENTRATED PRODUCT – DILUTE BEFORE USING** [(1 gallon makes 5 gallons of diluted\disinfecting\sanitizing product and 10 gallons of cleaning\deodorizing product)]

**Closed chemical container: ATTACHING THIS PRODUCT TO THE [P&G] [AUTOMATIC] DILUTION CENTER:** Remove the [white] shipping cap.

**Closed chemical container: DO NOT REMOVE [WHITE] PLUG FROM BOTTLE THROAT!** Screw on [white] dispensing cap from dilution center tube. Push down while twisting.

**PREPARING \MANUAL PREPARATION OF CLEANING \[DEODORIZING] SOLUTION:** Mix 1 part [of this] product\concentrate per 9 parts water into a [Product Name] [Cleaner with Bleach] spray bottle [using the dilution center].\Mix this product\concentrate with water using the [P&G] [AUTOMATIC] dilution center.

**PREPARING \MANUAL PREPARATION OF DISINFECTING \[SANITIZING] SOLUTION:** Mix 1 part [of this] product\concentrate per 4 parts water into a [Product Name] [Cleaner with Bleach] spray bottle [using the dilution center].\Mix this product\concentrate with water using the [P&G] [AUTOMATIC] dilution center.

Under the Federal Insecticide, Fungicide, and Plant Growth Regulator Act as amended for the pesticide, registered under EPA Reg. No. 3573-

**KILLS HIV-1 (AIDS VIRUS) ON PRECLEANED ENVIRONMENTAL SURFACES\OBJECTS PREVIOUSLY SOILED WITH BLOOD\BODY FLUIDS**, in health care settings in which there is an expected likelihood of soiling of inanimate surfaces\objects with blood or body fluids, and in which the surfaces\objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1(HIV-1) (associated with AIDS).

**SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 ON SURFACES\OBJECTS SOILED WITH BLOOD\BODY FLUIDS.**

**PERSONAL PROTECTION:** When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks and eye protection.

**CLEANING PROCEDURE:** Blood and other body fluids containing HIV must be thoroughly cleaned from surfaces and objects before application of this product.

**CONTACT TIME:** Thoroughly wet surfaces with disinfecting solution for 5 minutes, then rinse or wipe clean.

**DISPOSAL OF INFECTIOUS MATERIAL:** Blood, body fluids, cleaning materials and clothing should be autoclaved and disposed of according to local regulations for infectious waste disposal.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the blood\cream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

**GENERAL CLEANING [DIRECTIONS]:** Apply to hard, non-porous surfaces. Spray\Pour\spray directly onto surface [or] [damp sponge] [cloth] [paper towel] [towel]. Rinse or wipe clean. For tough stains or soil, let soak\stand [1 minute\60 seconds].\For tougher soils, allow to soak. [**FLOORS:** Add 250 ml\1 cup [concentrate\product] per 3.78 L\1 gallon warm water. Mop and rinse.]

**GENERAL DEODORIZING [DIRECTIONS]:** Apply to hard, non-porous surfaces. Spray\Pour\spray directly onto surface [or] [damp sponge] [cloth] [paper towel] [towel]. Rinse or wipe clean. For tough odors, let soak\stand [1 minute\60 seconds].\For tougher odors, allow to soak. [**FLOORS:** Add 250 ml\1 cup [concentrate\product] per 3.78 L\1 gallon warm water. Mop and rinse.]

**POULTRY FARM DISINFECTION [DIRECTIONS]:** Do not use in milking stalls, milking parlors, or milk houses (for phenolics, cresylic acid, and pine oils). Remove all animals and feed from premises, vehicles, and enclosures. Remove all litter and manure from floors, walls and surfaces of barns, pens, stalls, chutes, and other facilities and fixtures occupied or traversed by animals. Empty all troughs, racks, and other feeding and watering appliances. Thoroughly clean all surfaces with soap or detergent and rinse with water. Saturate all surfaces with the recommended disinfecting solution for a period of 10 minutes. Immerse all halters, ropes, and other types of equipment used in handling and restraining animals, as well as forks, shovels, and scrapers used for removing litter and manure. Ventilate buildings, cars, boats, and other closed spaces. Do not house livestock or employ equipment until treatment has been absorbed, set, or dried. Thoroughly scrub all treated feed racks, mangers, troughs, automatic feeders, fountains, and waterers with soap or detergent, and rinse with potable water before reuse.

**DAIRY FARM DISINFECTION [DIRECTIONS]:** Remove all poultry and feeds from premises, trucks, coops, and crates. Remove all litter and droppings from floors, walls and surfaces of facilities occupied or traversed by poultry. Empty all troughs, racks, and other feeding and watering appliances. Thoroughly clean all surfaces with soap or detergent and rinse with water. Saturate surfaces with the recommended disinfecting solutions for a period of 10 minutes. Ventilate buildings, coops, and other closed spaces. Do not house poultry or employ equipment until treatment has been absorbed, set, or dried. Thoroughly scrub treated feed racks, troughs, automatic feeders, fountains, and waterers with soap or detergent and rinse with potable water before reuse.

**PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals**

**CAUTION:** Harmful if absorbed through skin. Causes moderate eye irritation. **Do not get in eyes or on clothing.** Avoid contact with skin. Avoid breathing vapor or spray mist. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Not recommended for use by persons with heart conditions or chronic respiratory problems such as asthma, emphysema or obstructive lung disease. For sensitive skin or prolonged use, wear gloves. Remove contaminated clothing and wash clothing before use.

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act as  
amended by the FIFRA Act of 1992,  
EPA Reg. No. 3573-92

**FIRST AID: If on skin or clothing,** take off contaminated clothing. Rinse skin immediately with plenty of water for 15 -20 minutes. **If in eyes,** hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing the eye. **If breathing is affected,** get to fresh air immediately. Contact a poison control center or doctor for treatment advice. Have the product container or label with you when calling the poison control center or doctor, or going for treatment.

**PHYSICAL AND CHEMICAL HAZARDS:** Contains Bleach. Do not mix with other products, especially toilet bowl cleaners or products that contain ammonia as hazardous vapors/fumes may result. Avoid contact with clothes, fabric, carpet, wood, rubber, painted or paper surfaces, as they will discolor. Rinse immediately after use on metal, old glazed porcelain, or worn countertops to avoid discoloration or pitting.

Note: Bold, italicized text is for reader clarity only. Bracketed [ ] text denotes optional text. Backslash \ denotes alternate text.

6  
13

**STORAGE/DISPOSAL:** Store in cool place.

**(READY-TO-USE APPLICATION:)**

Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. \ (or)

(Nonrefillable container.) Do not reuse or refill this container (except as described in the directions for use). Wrap [container] and put in trash or offer for recycling if available. \ (or)

(Nonrefillable container.) Do not reuse or refill this container (except as described in the directions for use). Wrap [container] and put in trash or offer for reconditioning if appropriate. \ (or)

Always refill/reuse this container as described in the directions for use. Otherwise, wrap [container] and put in trash or offer for recycling if available. \ (or)

Only refill/reuse this container as described in the directions for use. Otherwise, wrap [container] and put in trash or offer for recycling if available. \ (or)

Refill/reuse this container only as described in directions for use. Otherwise, wrap [container] and put in trash or offer for recycling if available.

**(DILUTABLE APPLICATION – FIVE GALLONS OR LESS:)**

Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. \ (or)

(Nonrefillable container.) Do not reuse or refill this container (except as described in the directions for use). Wrap [container] and put in trash or offer for recycling if available. \ (or)

Refill/reuse this container only as described in directions for use. Otherwise, wrap [container] and put in trash or offer for recycling if available.

Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

[Refill:

- Refill [32 oz] sprayer size from [this convenient] container.
- Use only in [product name] spray bottle.
- Only refill [convenient] sprayer with [product name] [this product].
- [Only] refill sprayer with [ x oz.][only].
- Do not dilute].
