November 26, 2019

Ms. Teresa Moore
FIFRA Regulatory Manager for,
The Proctor and Gamble Company
5299 Spring Grove Avenue
Cincinnati, OH 45217

Subject: Label Amendment – To add “Limited” qualifier with disinfection claims and directions for use
Product Name: TriLambda AB
EPA Registration Number: 3573-102
Application Date: November 25, 2019
Decision Number: 557519

Dear Ms. Moore:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

Page 2 of 2
EPA Reg. No. 3573-102
Decision No. 557519

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Karen M. Leavy by phone at (703)-308-6237, or via email at Leavy.Karen@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "E. Miederhoff". The signature is written in a cursive style.

Place arrow against the (Swiffer) WetJet handle

TO SANITIZE: For use on hard non-porous floors. Use the TriLambda AB mop to spray floor until thoroughly wet. Let stand for 5 minutes before mopping, then remove excess liquid. For visibly soiled floors, clean before following sanitizing instructions. [Effective against *Staphylococcus aureus* (ATCC 6538) and *Klebsiella aerogenes* (ATCC 13048).]

TO DISINFECT: For use on hard non-porous floors. Use the TriLambda AB mop to spray floor until thoroughly wet. Let stand for 10 minutes before mopping, then remove excess liquid. For visibly soiled floors, clean before following disinfection instructions. Limited Disinfectant. [Effective against *Salmonella enterica* (ATCC 10708).]

Do not use on unfinished, oiled or waxed wood floors.

PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

NOTE: Bracketed information is denoted as: << directive >>, (optional text), [optional text], {insert as noted}.
The term “this product” or “TriLambda AB” used throughout this document may be replaced with the marketed product brand name and may be followed by a© or ®.
The product label must identify the specific bacteria.

FIRST AID: IF IN EYES: hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. **If on Skin or Clothing,** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Contact a poison control center or doctor for treatment advice. Have the product container or label with you when calling the poison control center or doctor or going for treatment.

STORAGE/DISPOSAL: Store in cool place. Nonrefillable container. Do not reuse or refill this container. Wrap (container) and put in trash or offer for recycling if available.

[Contains no phosphate, chlorine bleach or ammonia.]
