

INDUSTRIAL FORMULA

DRI-CHLOR

Cleaner

Deodorant

Sanitizer

A non-scaising free-rinsing heavy duty cleaner and sanitizer for use on equipment, utensils, floors, walls, conveyer belts, meat cutting boards, and containers. Can be applied in solution by spraying or brushing on surfaces. For hard to clean areas, **sprinkle** on wet surface or use as a thick paste.

Active Ingredients:

Sodium Phosphate $\text{Na}_3\text{PO}_4 \cdot 12\text{H}_2\text{O}$	91.75%
Sodium Hypochlorite	3.25%

Inert Ingredients:

Sodium Chloride	<u>5.00%</u>
-----------------	--------------

TOTAL.....100.00%

DIRECTIONS:

SANITIZING: Immediately before use, spray, brush, soak, or circulate exposed surfaces which have been thoroughly cleaned and rinsed with clean water with solution containing 1 ounce Dri-Chlor per gallon of water (provides 200 ppm chlorine). Allow solution to remain on surface for a minimum of two minutes and drain. Do not rinse after final sanitizing unless required by state law.

CLEANING AND SANITIZING:

Remove deposits of soil, grease, meat, etc. from surface by spraying or circulating with clean water. While surfaces are wet, sprinkle Dri-Chlor evenly or apply as thick paste, scrub surface vigorously with stiff bristle brush. Prior to use rinse all traces of chemical and soil from surfaces with fresh water.

CAUTION: May be harmful if swallowed. Avoid contact with eyes. Full strength product may cause skin irritations. Avoid contamination of food.

Internal Antidote: Give vinegar or juice of orange copiously. Follow with Olive Oil. See physician.

KEEP OUT OF REACH OF CHILDREN.
